THE SALEM NEWS

For 66 Years A Dependable Salem Institution

VOL. 67—NO. 215 | PHONE ED 2-4601 | SALEM, OHIO, THURSDAY, SEPTEMBER 8, 1955 | THIRTY-TWO PAGES | FIVE CENTS

3,145 Pupils Registered Is Record

School Enrollment Here Up Slightly

A record of 3,145 students was counted at Salem's public schools yesterday to begin the 1955-56 school term. The enrollment is seven students higher than last year's total of 3,138 despite the fact that about 40 students who would have attended Salem High School this year are now enrolled in the new United Local School.

Reilly School showed the biggest enrollment jump with 632 attending this year, compared to 605 last year. Supt. of Schools E. S. Kerr is considering adding a fourth first grade at Reilly if the enrollment, around 120, warrants it.

St. Paul School reported the biggest enrollment increase in the city, with 364 students reporting opening day compared to 315 last year, a jump of 49.

Sister Mary Carmella, principal, attributes the increase chiefly to new families which have moved into town. First grade enrollment at St. Paul is 62 this year, a jump of seven over last year.

Prospect School also recorded a sizeable increase with 333 students registered, an increase of 15 over last year.

At the Salem High School 894 entered classes a drop of 21 from last year's total of 915, due to the switch to United Local school of some rural students.

Other school enrollments were Buckeye 236, up 5 from last year; Fourth St. 265, down 29; Junior High 482, up 18; McKinley 303, down 8.

The heavy St. Paul enrollment is crowding the spacious new school but Sister Carmella reports facilities will be adequate until the other rooms, now under construction, are completed.

Ohio To Check Turnpike Cars

Must Have Good Tires; Speeders To Be Halted

COLUMBUS, Ohio (AP)—If the family chariot is a jalopy or if it has smooth tires, don't expect to be allowed on the Ohio Turnpike.

And, if your automotive equipment is good enough to be permitted on the superhighway, opening Oct. 1, don't expect to use the new turnpike to find out how fast your car will go. The speed limit is 65 m.p.h.—period.

This was the word today from James W. Shocknessy, chairman of the Ohio Turnpike Commission. After studying reports of an accident increase on the Pennsylvania Turnpike last month, Shocknessy said in a prepared statement:

"Some scanning will be done by the operating organization of the Ohio Turnpike Commission so that insofar as possible inherently dangerous vehicles will be excluded from the Ohio Turnpike.

"Not only speed but faulty tires and worn-out vehicles were responsible in a great measure for the increase in accidents on the Pennsylvania Turnpike last month. The increase in accidents on that highway has given all of us a great deal of concern and we shall insist that no margin of speed in excess of the limitations established by our commission be permitted on the Ohio Turnpike. The speed limits on the Ohio Turnpike are 65 miles per hour for passenger vehicles and 55 miles per hour for trucks."

Then Shocknessy laid down this warning:

"I know that it is customary in many instances for law enforcement officers to permit drivers to exceed the speed ceiling by a few miles. We shall not tolerate any such excesses on the Ohio Turnpike, however, and we shall also expect to make some kind of a spot check on the quality of vehicles entering the road so as to protect their operators and others on the highway."

NEW SCHOOL PATROLMAN

Mark L. Dragich of 1835 N. Ellsworth Ave. has been appointed to serve as school patrolman at the intersection of N. Ellsworth Ave. and 12th St. Dragich's appointment was made to enable all the patrolmen to work at school crossings near their homes, according to Police Patrolman Martin Lutsch. Nine are on the job in the city.

10 Fire Fighters Burned, 1 Lost In Forest Blazes

Fire Pushes Closer To Santa Barbara; Many Acres Leveled

SAN FRANCISCO (AP)—Ten fire fighters were burned in California and one was reported missing in Oregon as flames ate through hundreds of thousands of acres of Pacific Coast timber and brushlands today.

Three new timber fires burst out of control in northern California and another roared four miles ahead in Oregon Wednesday.

The one missing worker was a member of a four-man crew that had to abandon two tractors as flames nearly trapped them. Three reached safety but one was still unreported. His name was not learned.

He was trapped in a flareup of the Round Butte fire in southern Oregon, which burned over an estimated 2,300 acres.

Foreman David Robb and nine Mexican national volunteers were painfully burned fighting a fire pushing dangerously close to Santa Barbara, Calif. Decreasing winds and the prospects of cooler weather lifted hopes of controlling the blaze.

Some 2,300 fire fighters stopped a 65,000-acre blaze on a front threatening Yreka, a little logging and farm community some 20 miles south of the Oregon border. However, the fire advanced unchecked on at least one other front in the Klamath National Forest.

Other new fires on the Klamath boosted that smoking and charred forest's burned area to well over 100,000 acres. Damage exceeded 3½ million dollars.

Far to the south, a 45,000- acre brush fire advanced relentlessly on a 22-mile front toward Santa Barbara (pop. 50,000).

Supervisor Robert Jones of the Los Padres National Forest said the fire posed "a very real threat" to the outskirts of Santa Barbara.

796 Enrolled At United Local School

An opening day enrollment of 796 was reported at United Local School, with late registrations expected to bring the total to above 800.

Enrollment last year was 710.

The new school building is nearly complete, with workers now laying the floor in the auditorium, Dale Gates, principal, reports. Completion of the building is expected within a month, he said.

The school is now offering classes in grades 1-9 and it is presently planned to continue the high school freshman class into their sophomore, junior and senior years at United Local, Gates said.

These plans may be changed later, however, Gates said, due to changes made by the last legislature in appropriations and tuition laws.

Eighty students are in the freshman class. They would have attended Salem, Lisbon, Augusta and Minerva High Schools if the United Local School had not been built.

1 Out Of 4 Americans In School This Year

WASHINGTON (AP)—The Office of Education estimates that nearly one out of every four Americans will be in school or college this year.

The office says its estimate of 39,772,000 students enrolled this term represents an increase of 1,685,500 over last year.

With the national population as of June estimated at 165,023,000, the school and college enrollment would come to about 24.1 per cent of the total.

Commissioner of Education Samuel M. Brownell noted a shortage of 141,300 qualified teachers to handle the record enrollment.

GIs Receiving Communist-Like Brainwashing

Rough Treatment Given To Prepare Them For Capture

WASHINGTON (AP)—Communist-type brainwashing is being deliberately dosed out to American fighting men to help brace them against mistreatment at the hands of a ruthless enemy.

Blindfolding . . . forced marches, barefoot . . . questioning for long hours, with little rest or water and no sleep . . .

These are some of the "rather rough brainwashing procedures" servicemen are being put through, Pentagon officials said Wednesday. They said all branches of the armed forces have such training courses to prepare for a possible grim life as a prisoner of war. The men are trained also in means of avoiding capture.

Under the military code, a revised version of which was proclaimed by President Eisenhower Aug. 18, the serviceman is told to avoid capture if at all possible. And if he does fall prisoner, he is to avoid "to the utmost of my ability" telling the enemy more than the historic requirement of name, rank and serial number.

Defense Department sources told of the "E and E" — escape and evasion — training of some servicemen Wednesday after Newsweek magazine published a stark

Turn To BRAINWASH, Page 11

3 Killed, 5 Hurt In Train Wreck

Express Hits Truck Near Chillicothe

CHILLICOTHE, Ohio (AP)—Three men are dead and five injured after the second Ohio train derailment in three days.

A westbound Baltimore & Ohio express piled into a pickup truck at a crossing just east of here last night, killing three men in the truck, and derailing 13 of the 15 train coaches.

Three postal clerks and two crew members from the train were hospitalized after the crash.

The state highway patrol identified the dead as David Raynor, Rt. 2, Wellston; Lowell Speakman and Pete Baker, both of Rt. 1, Ray, near Wellston.

Conductor Frederick Davis, 59, of Newark, was the most seriously hurt, with a broken back and other injuries. Chillicothe Hospital listed him in "fair" condition.

Brakeman Lowell Martin, 43, of McArthur, suffered a dislocated shoulder. The postal clerks and their injuries included: Wayman McCullough, 56, Greenfield, multiple bruises; Stanton Sims, 61, Parkersburg, W. Va., lacerations and an arm injury, and Russ Abel, 62, Parkersburg, head cuts and a back injury. All were reported in 'good' condition at the hospital.

Engineer Ardley Miller, 65, and fireman Charles Shook, 38, both of Chillicothe, were released after treatment at the hospital.

Trapped in Car

Davis and McCullough were reported trapped in the baggage car until rescuers could move debris and reach them.

The train carried no passengers and was en route from Parkersburg, W. Va. to Cincinnati.

The derailment tore up track for about 18 car lengths along the line. A. B. & O. spokesman here said traffic along the route would be shifted to the line's Toledo division until repairs are completed.

Lt. P. P. Glen of the railroad's police division quoted an unidentified eyewitness as saying flasher lights on the crossing were working when the truck started across, hesitated, then was struck by the train.

Worker Electrocuted

NEW CASTLE, Pa., — John W. Miller, 65, a power shovel operator for the Pennsylvania State Highway Department, was killed by electric shock near Ellwood City early Wednesday afternoon when a high tension line pole was knocked down and the wires came down upon him.

His widow and a daughter survive.

Longshoremen's Strike Spreads From New York

Negroes Petition For Integration, Lose Their Jobs

'Economic Reprisals' Taken In Alabama By White Employers

SELMA, Ala. (AP)—Several signers of a petition demanding racially mixed classrooms have lost their jobs here in the first showdown on the threat of "economic reprisals" against Southern Negroes clamoring for integration.

Reports indicated more than half the 29 signers have been fired since the petition was filed last week with the Dallas County School Board. Most of those who did not lose their jobs are self-employed or unemployed.

Alston Keith, chairman of the Dallas County White Citizens Council, estimated 16 of the 29 signers have been fired in a "spontaneous reaction" of white employers to the filing of the petition.

Filed with Schools

The petitions demanding immediate classroom integration have been filed with school boards in several Alabama counties by local chapters of the National Assn. for the Advancement of Colored People.

Mrs. Ruby Hurley of Birmingham, southeastern NAACP secretary, said her organization will investigate the dismissals here "and take whatever measures are determined to alleviate such pressures."

"It would appear that the White Citizens Councils of Alabama are going to follow the pattern of economic pressure set by the councils in Mississippi," Mrs. Hurley added.

Pressure on Barbers

A source here who declined to be identified said "pressure" is also being brought against the self employed signers. He said two Negro barbers whose names were on the petition have been told to find new locations for their shops.

Three Negroes said they turned down offers by their employers to let them retain their jobs if they would remove their names from the petition.

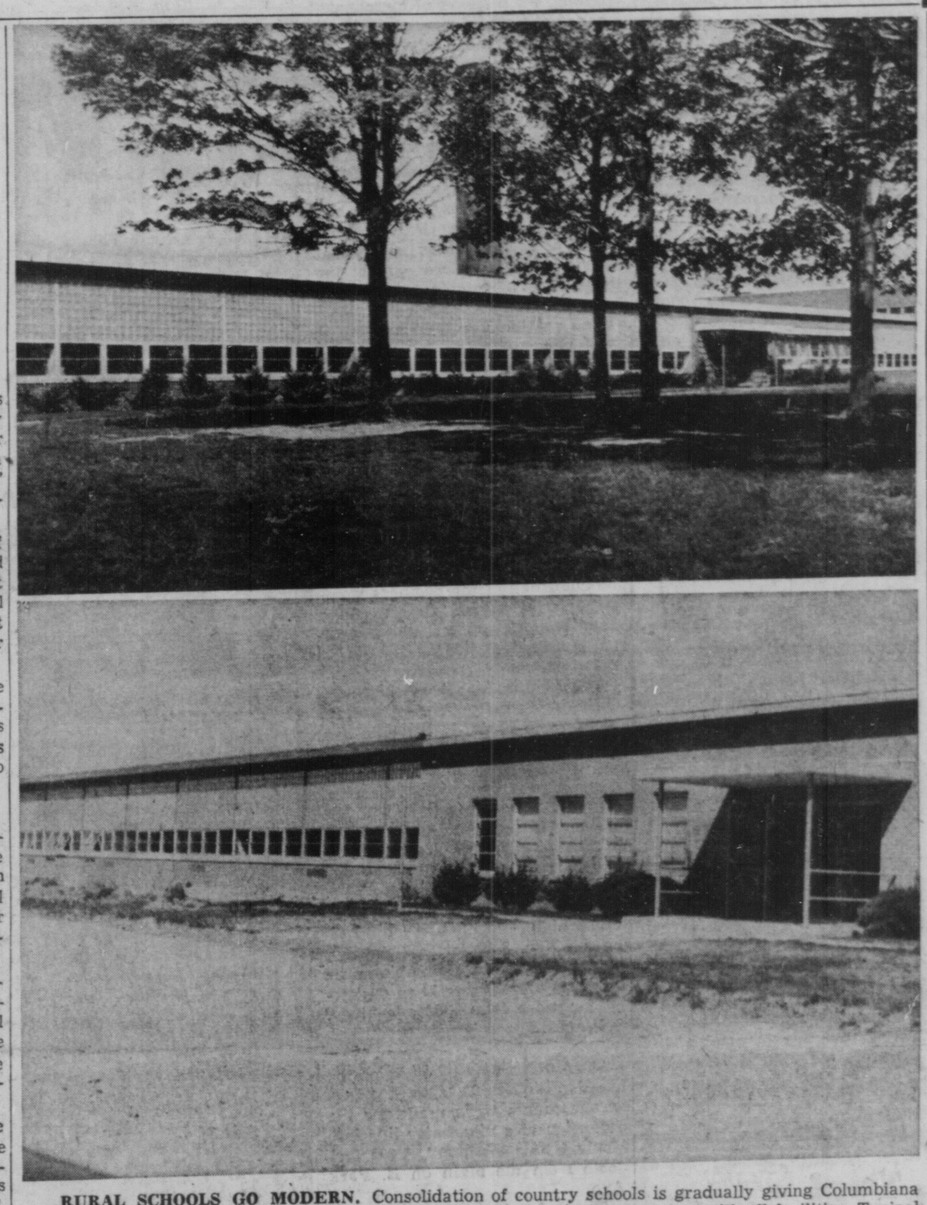

W. E. Snuggs, superintendent of Selma city schools, said four other Negroes who signed the petition have withdrawn their names and a fifth has announced the intention of doing so.

Keith said the White Citizens Council, a prosegregation group, would not take "credit or censure" for the firings, but added:

"I don't believe there would have been the unity of action that there was without the educational work of the Citizens Council. They (the employers) did just what we have been advocating right along."

STUDY SCHOOL PROBLEMS

LISBON — Invitations have been sent out to village committee members of the White House Conference on Education asking them to attend a meeting next Wednesday at 7:30 p.m. at the Farmers National Bank here, Adam P. Rudibaugh, village committee chairman said today. Rudibaugh said the purpose of the meeting is to acquaint the committee with school problems that will be discussed at the county meeting Sept. 28 at Lincoln School.

RURAL SCHOOLS GO MODERN. Consolidation of country schools is gradually giving Columbiana County rural district some of the most modern educational buildings, complete with all facilities. Typical in the Salem area are the new United Local High School, shown in the top picture, and Knox Local School whose new $112,000 elementary classroom addition is pictured in lower photo.

Knox school is the first to occupy classrooms which were made possible when voters in that district passed a bond issue last November. Dedication of the school is set for November. John Pickens is superintendent.

Principal at United Local's expanded school is Dale Gates. The first seniors to graduate at United Local will be the freshmen who yesterday became the first to use high school facilities there. The high school rooms will be occupied progressively so that next year there will be freshmen and sophomores, the following year freshmen, sophomores and juniors, and the fourth year freshmen to seniors, inclusive.

Zeller To Take Rocky River Post

Ward C. Zeller of Southeast Blvd. who resigned as Memorial Building manager, effective Sept. 1, has accepted a position as director of recreation at Rocky River, near Cleveland.

Zeller, who will start his new duties Monday, will work under the jurisdiction of the Rocky River school board although the job is to be expanded into a community post later. Zeller said the job is "very attractive" from a pay standpoint.

Zeller, a Baldwin-Wallace College graduate in 1948, is 31 years old. He taught at McKinley school here three years and helped to coach Salem High football teams. He had been Memorial Building manager four years.

He and his wife, Ruth, and their three children hope to move to Rocky River in the near future.

Joseph Boone has taken over his new duties as Memorial Building managtr. The former school teacher and basketball coach was named by the Memorial Building board to succeed Zeller.

Reciprocity Due To End Tonight

Truckers Ask Court To Halt Ohio Action

COLUMBUS, Ohio (AP) — Ohio's other states are scheduled to end tonight at midnight unless common pleas court here moves to prevent the action .

Thirteen Ohio and Michigan truckers have asked the court to enjoin the Ohio Reciprocity Board from canceling the contracts. Judge Roerbt M. Draper said he plans to render a decision this afternoon.

Gov. Frank J. Lausche and Ohio's Reciprocity Board notified the 18 states last Aug. 8 that Ohio was canceling the agreements in 30 days unless the states were willing to except an amendment which would exempt Ohio's 1953 axle tax on big trucks from the pacts.

Grants Time Extension

Ohio has granted extension of the time limit to two states. Indiana has until Oct. 8 and West Virginia until Sept. 29 to study the request.

The pacts are guarantees that the contracting states will recognize each other's license plates.

Ohio has no agreements with 28 other states, but grants them the same reciprocity as under the formal contracts.

Two states who hold Ohio agreements—Rhode Island and Texas—

Refuses Test At Lisbon But Is Fined

LISBON — Refusal to take an intoximeter test, after being cited for drunken driving, is becoming an old story in village mayor's court.

George Beck, 43, of Youngstown arrested by village police for driving while intoxicated this morning at 6:30, refused to take the intoximeter test. He pleaded guilty, however, at 9:30 to the charge and was fined $100 and costs and sentenced to three days in jail by Mayor Wilbur Warren.

Beck was also fined $25 and costs for driving on a temporary permit. He was, the second within two weeks to refuse to take the intoximeter test.

Charles Richards of Lisbon, cited Wednesday at 11:55 p.m. for driving without an operator's permit was fined $75 and costs by Mayor Warren. It was the second time within a year that Richards has been arrested on a similar charge, police said.

John Buckley of Lisbon, RD 1, cited Tuesday by the state patrol for driving left of center, was fined $15 and costs by Felix Butch, village justice of the peace. Butch, pinch-hitting for Mayor Warren who was trying a jury case in his court Tuesday, also fined John Sposetta of Leetonia $15 and costs for speeding. Sposetta was cited Tuesday on the charge by the state patrol.

Walkout Costs New York Port Million A Day

Baltimore Also Hit, Other East Coast Seaports Threatened

NEW YORK (AP) — A longshoremen's walkout costing the port of New York an estimated million dollars a day spread today to Baltimore and threatened other East Coast ports.

In Baltimore, some 7,400 dockers stayed off the job, presumably to attend secret meetings.

Longshoremen in Boston and Philadelphia were reported working, but had meetings scheduled for later today.

William V. Bradley, president of the International Longshoremen's Assn. (ILA), independent, said:

"If something isn't done soon, the whole organization will go out, from Canada to Texas."

Bradley told a cheering group of dock workers he would not recommend a resumption of work until the governors of New York and New Jersey met with the union.

The governors are Averell Harriman of New York and Robert Meyner of New Jersey.

Battle Commission

The walkout originated in a dispute between the ILA and the New York-New Jersey Waterfront Commission, which regulates hiring and other activities on the port of New York waterfront.

ILA leaders contend the bi-state commission has been harsh and discriminatory toward the ILA — charges that the commission denies.

The New York walkout of approximately 25,000 men went into its second day although the State Supreme Court Wednesday issued a strike-restraining order at the behest of shipping companies.

Bradley said today he had not received a copy of the order.

Bradley's demand for a meeting with the governors was made before about 3,000 longshoremen.

Speaking of the two-state law that set up the waterfront commission two years ago, Bradley declared:

"We know it has to be changed in Albany and Trenton.

"We know that a knockout affair on the waterfront would not settle the situation. I don't want to see men lose a day's pay but there comes a time when you have to stand up and be counted—and the time is here, right now.

"Until such a time as we have a meeting and sit down with the governors, I am not going to recommend that the men go back to work."

This statement by the former

Turn To STRIKE, Page 11

Driver Unhurt When Car Rams Truck

Two motorists escaped possible injury in a car and truck-trailer collision on Route 14, one quarter of a mile west of the state line, at 6 a.m. Wednesday.

State highway patrolmen said Donald Peppel, 20, of RD 5, Columbiana, drove his westbound car into the back end of the westbound truck-trailer being operated by Joseph Prairie, 40, of Indianapolis, Ind., demolishing his car and causing considerable damage to the truck-trailer.

Patrolmen said Peppel apparently fell asleep at the wheel of his car. He was cited by patrolmen for reckless operation.

Park Pool Attendance, Income Gains

Park Commission Urges Employment of Superintendent

Employment of a superintendent of parks and recreation was recommended by the Salem Park Commission at a meeting Wednesday evening.

Attendance at the Centennial Park swiming pool during the summer season just closed totalled 38,297, the commission reported. This is an increase of nearly 10,000 admissions over last year, the first year the pool was opened for a full season, records show.

Attendance at the pool this summer included 26,325 individual paid admissions and 11,972 season ticket admissions, the commission reported.

Total attendance last summer was 28,775, park commission statistics reveal.

Pool Income Rises

Total income at the park pool this year was $9,072.55, compared to $8,707.90 last summer.

Figures on patronage of the free swiming lessons and playground program have not been compiled.

Columbiana School Enrollment Is Up 41

COLUMBIANA — Columbiana schools opened Tuesday with an enrollment of 1,013, which is expected to reach 1,025 by the end of the week, compared with an enrollment of 972 last year.

The High School has 224, compared with 208 last yar. Junior High has 158, grades 4, 5, and 6, 218, grades 1, 2 and 3, 330 and kindergarten 84.

The new Joshua Dixon elementary school has 414 pupils.

-:-

PROBLEMS involving the safety of children in the north part of town who have to walk to the new elementary school building were brought to the attention of village council by residents of Seventh St. Tuesday evening and as a result, members of council will confer with members of the board of education to devise some more satisfactory plan.

In the meantime, parents in that part of town will look after the safety of the children until a more satisfactory arrangement can be made.

There were also complaints by drivers of motor vehicles that they are held up by school busses loading and unloading on Pittburgh St. in front of the High School building, as the law forbids passing a stopped school bus. Drivers of school busses stopped on Pittsburgh St. will be required to get out and keep traffic moving.

Council had provided for loading and unloading in the north-south alley along the High School premises by permitting the alley to be closed during school hours, but it was explained that this was impracticable last school year because kindergarten children had to cross the alley to get to their temporary quarters in the two neighboring churches, and that it is impracticable now because many children use the alley in walking to the High School to get their bus to the new elementary building.

A bid of $2,078 from Joseph H. Snyder, Columbiana conractor, for 180 feet of sidewalk and curb on each side of N. Middle St. leading to the new elementary school, and gradig ad slaggig th 24- and grading and slagging the 24-foot roadway between was accepted. The village share of the expense will be $908. Solicitor Jack Kuhlman was instructed to draw up three separate contracts on separate bids for phases of the work.

Seventh St. property owner who want to pay cash for the paving will have 30 days after completion of the work in which to do so. Otherwise the cost will go on the tax duplicate for annual installments.

Engineer Seth Phelps of Lisbon has not completed specificati o n for the storm water sewer along the south side of Seventh St. He will submit a new plan to have it discharge into the natural water course on the west side of Route 46 instead of going onto the Watt property.

Ordinances were passed accepting grades for Howard St. from S. Main St. to Fairfield Ave., and Lakeview Drive facing the west side of Firestone Park.

Complaints were received of residents dumping grass cutting in gutters and clogging the flow of storm water. It was brough out that written complaints are required before council can order mowing of weeds on unimproved land.

-:-

WITH ALL ITS SPACE occupied, the exhibt tent provided by Firestone American Legion Post, sponsor of the street fair and homecoming, for displays of merchants, manufacturers and organizations, presents the most interesting attractions in several years. The tent is at the extreme south end of the midway, and just north of it js the iet bomber, which draws a continuous stream of sightseers.

Columbiana High School band of 60 member will play tonight. Friday night, from 9:30 to 10:30, the champion Ohio American Legi o n Band of Salem will be the musical attraction and Saturday night the rube band of former members of the Columbiana American Legion Band and the New Waterford Band will play.

The Columbiana Business & Professional Women's Club will provide the clerical staff for the mobile X-ray unit of the Columbiana County Public Health League, which will be stationed near the Trader Clinic on S. Main St. Friday and Saturday.

Free chest examinations will be made from 2 to 4 and 6 to 10 p.m. both days. Mrs. Walter Miller will be chairman of the business women's clerical force. The free chest examinations by the Health League are financed by the sale of Christmas seals.

Columbiana branch of the W.C.-T.U. decided at a recent special meeting to have its booth in the exhibit tent as a preliminary to the contest over the wet and dry issue at the November election. The WCTU will cooperate with the anticipated action by the Ministerial Association at a meeting to be called soon.

The Columbiana County Board of Elections granted a petition from Columbiana citizens for a proposal on the Nov. 8 ballot that the sale of intoxicants in Columbiana be legalized afer having been outlawed for more than half a century. Sale of 3.2 beer is now permitted.

-:-

AT A SPECIAL meeting of the board of affairs Tuesday evening, arrangements were made for the extension of a city water line into Maple Grove allotment, 1,000 feet north from the main on E. Park Ave.

The extension will be made at the expense of Clyde Richardson, Sr., who opened the allotment, and L. A. Way, who has under construction a $50,000 residence on Maple Drive, a new 50-feet street extending north from New Springfield Road, east of Firestone Park. The allotment is restricted to homes costing not less than $20,000. It will be a court, terminating in a circle.

Vincent C. Judge, Columbia n a County treasurer, vs Georgia V. Aten; finding and judgment for laintiff for $324.

John R. Buxton vs Naomi N. Buxton; each party is to keep property now in his or her possession; plaintiff ordered to pay defendant's attorney fees.

A rcent study shows that the average time it takes to get action on U.S. jury cases in court is 11.4 months.

Defense Dept. Denies Spending Cut Plans

WASHINGTON (AP)—The Defense Department says it still expects to spend 34 billion dollars this year "as originally estimated," and will make no drastic cuts in approved defense programs.

Acting Secretary Reuben B. Robertson Jr. said Wednesday night "there is no factual basis" for published reports this week that further cuts are being considered in defense spending as a means of balancing the budget.

Other administration sources reported earlier that the department was studying the possibility of a billion-dollar cut in expenditures as part of a government wide drive to eliminate a 1955-56 budget deficit estimated last month at $1,700,000,000.

Loyal Sons, Daughters Plan 'Homecoming Day'

'Homecoming Day" for members of the Loyal Sons and Daughters Class of Phillips Christian Church will be observed at the Sunday School hour at 10 a.m. Sunday. All members, former members and guests are invited. A 100 per cent attendance is the goal.

Mrs. Ralph Huston is teacher of the class. The officers are: President, Clifford Whinnery; secretary, Mrs. Wilmer Carlson; and treasurer, Wilmer Carlson.

The Sunday School will strive for a total attendance of 200. The average attendance is 120.

The morning worship service will be at 11.

DUV Holds Outing

The announcement that the annual convention of the Daughters of Union Veterans will be Oct. 8 in Canton was made Tuesday evening at the DUV picnic meeting in Centennial Park.

Mrs. Arnold Greene won the gift package donated by Mrs. Alda Roessler. The next meeting will be Sept. 20 with a picnic at the park.

Band Practice Starts At School

More Musicians Expected This Year

LEETONIA — The Leetonia High School Band started practice for the coming football season last week with an average 45 musicians showing up each practice, band director Karl Meinhardt reported. Most of the practice periods were spent playing, with little time devoted to marching.

This year Meinhardt hopes to present 54 pieces in the marching band with six majorettes. Last year the band was made up of 48 pieces with five majorettes. There will be 22 new members to the band, ably replacing the 13 seniors who were graduated last year, and two members who moved from the Leetonia school district.

With the increase in the size of the band new uniforms have been ordered. White plumes may be added to the present outfits. A new tuba has been added to the band along with uniforms for the majorettes. It is expected that all new equipment will be here for the East Palestine contest Sept. 16.

Because of the increased size of the band transportation will be a problem this year and it may be necessary for the band to miss performing at one or two of the "away from home" games.

Meinhardt says that interest among band members is extremely encouraging and barring any unforeseen complications, a successful year is expected.

ABOUT 150 friends, neighbors, and relatives gathered at the home of Mr. and Mrs. Charles Anglemyer Sunday to congratulate them on their 60th wedding anniversary. Mr. and Mrs. Anglemyer greeted their guests on their lawn with a background of beautiful flowers. Weather that was ideal for the occasion. The couple received many cards and letters from friends who could not attend.

Their daughter, Mrs. Ruby Burick, assisted them in receiving the guests.

ABOUT 40 MEMBERS of the Calladine family attended the Calladine reunion at Firestone Park Sunday. Officers elected for the coming year are: Joe Calladine of Salem, president; Wilbur Calladine of Cleveland, vice president; and Mrs. Royce Briggs of Leetonia, secretary - treasurer. The reunion next year will be held at the same place.

Important business matters warranting the presence of all members will be discussed when the Midway Grange meets Friday evening at 8:30.

Following the business meeting ice cream and cake will be served.

Two Win Honors At Beauty Competition

ATLANTIC CITY, N.J. (AP) — A tall beauty from the tropics and a Southern belle with a silver voice held early leads today in the scramble for the Miss America 1956 crown.

Miss Hawaii, 22-year-old hulu dancer Barbara Mamo Vieira of Honolulu, took the top honors in the first preliminary swim suit competition Wednesday night.

Miss Alabama, Patricia Byrd Huddleston of Clanton, won out over 15 other lovelies in the talent competition with a rendition of the aria 'Pace, Pace Mio Dio" from Verdi's opera "La Forza del Destino."

Another portion of the 49 Miss America entries took part in an evening gown competition, but these results are kept secret to build suspense.

U.S. Workers' Earnings Climb To New High

WASHINGTON (AP)—More money piled into American pocketbooks in July than ever before, the Commerce Department says. The department Wednesday reported the publics income during the month hit an annual rate of 304½ billion dollars, about three billions more than the previous record set in June. For the first seven months of this year the figure averaged 288 billion dollars, 12 billions above January-July of 1954.

E. G. Jones Sentenced To Life For Slaying

WOOSTER, Ohio (AP)—Ernest G. Jones, 29, was sentenced to life in Ohio Penitentiary yesterday after a jury convicted him of the fatal stabbing of Frank Landis, a 67-year-old farm hand. The jury deliberated about seven hours before returning a verdict of first degree murder, with a recommendation of mercy. Attorneys for the state argued Jones killed Landis after robbing him of the cash he carried. Landis' body was found last June 10 in a creek bottom. Common Pleas Judge Walter J. Mougey passed sentence.

Westinghouse UEW Approves Walkout

LIMA, Ohio (AP)—With only two dissenting votes, union workers at the Lima plant of the Westinghouse Corp. today authorized a strike Sunday in support of a dispute in East Pittsburgh, Pa., and over local issues.

More than 1,500 of the plant's 1,900 workers attended the meeting at which the strike vote was taken, reported Ladd Bollinger, president of Local 724, International United Electrical Workers, CIO.

If the strike goes on as schedulde, it will be the first actual walkout at the Lima plant since 1946.

More Steel

A poll of steelmakers by Steel, the weekly magazine of metal-working, has brought into statistical focus a prospect of expansion in the next 15 years that staggers the imagination.

The prospect is for a 50 per cent increase in capacity by 1970 — a tonnage increase of 60 million over existing capacity of 125.8 million. In the last 15 years, greatest period of growth in the steel industry, only 44.2 million tons were added.

Republic Steel Corp. alone plans to add a million ton to its capacity in the year ahead—one fourth of the anticipated four million tons a year to be added each average year by the entire industry.

What justifies such a prospect? The answer is in three parts: (1) Growth in total population, (2) Growth in the use of steel and (3) Growth in family formation. The third part is one of the secrets of all industrial expansion.

It works like this:

One family needs one unit each of all basic possessions and appliances made of steel — lawnmowers, refrigerators, stoves, automobiles, furnaces etc. But by 1960, chidren born in the 1940's will be getting married and forming new family units. During the decade of the 1960's half again as many people will reach marriageable age as are reaching it in the 1950's. Each new family unit will create a fresh demand for steel products.

In terms of capital investment, at least 15 billion dollars will be needed to enlarge steel capacity. American Iron and Steel Institute has reported that in 1954 stockholders among member companies exceeded employes by about 7,000 — nearly 770,000 stockholders as against 762,830 employes.

Nothing is being heard any more about a static outlook for American industry. Steel, the basic industry, is admittedly going to be hard-pressed to keep abreast of anticipated demand.

Something Bound To Happen

When the weatherman said the Labor Day weekend would have clear skies, a record-breaking traffic toll became inevitable.

It would have been twice as bad as it was without the safety campaign that is keeping traffic accidents from being far more numerous than they are.

There is no way to put more than 25 million automobiles on the highways during a weekend without thousands of mishaps. The traffic toll can be held to a minimum. It can be cut down by intensive measures. But it cannot be eliminated.

The best way to minimize it would be to have bad weather on all holiday weekends, causing millions of people to stay home. The best way to put it down would be continuous safety campaigns and stricter enforcement of laws governing the use of automobiles. This will be done.

It is always a shock to be reminded that the automobile age has turned holidays into periods of carnage — and it should be. Otherwise, Americans would be capable of running up a holiday traffic toll of a thousand dead and ten times that many injured.

The miracle is that the death toll can be held close to 400 on a long weekend when beautiful weather tempted so many millions to risk their lives on crowded highways.

When Jackals Smell Blood

It could have been foreseen before Israel became a nation that the Soviet Union would do everything in its power to speed up blood-letting in the Near East whenever Jews and Arabs clashed.

The Soviet Union would do this because it is the only major country entirely under the control of the international Communist conspiracy whose aim is to speed up blood-letting wherever it occurs.

If the Soviet Union is no longer controlled entirely by the conspiracy but is being changed by internal pressure into an autonomous nation, the proof will come when it quits being the jackal of the 20th century world. The Soviet Union still is the country that can be relied on absolutely to be involved at every scene of violence, whether it be a revolution in Spain, an assassination in the Balkans, a crop d'etat in Centra lAmerica, a strike in the United States, a riot in Paris, an insurrection in Africa or a civil war in China.

There is blood to be shed in the clash between Jews and Arabs — a clash that has become so bitter it probably never can be stopped by meditation, such as the United Nations is trying, or even by a guarantee of mutual security, such as the United States has offered.

The Soviet Union is furnishing guns to the Arabs. It would furnish guns to the Jews, too, if that would speed up the blood-letting on which the jackals of the international Communist conspircay grow fat.

Truman's Half-Truths

By DAVID LAWRENCE

Former President Tailors Speech To Suit Purpose

What former president Harry Truman didn't tell a nationwide television and radio audience on Labor Day is far more significant than what he said.

Lawrence

Truman declared that the federal labor-management relations act, usually called the "Taft-Hartley law, was vetoed by him because it was "not in the interests of the people." He endeavored to give the public the impression that, since the law was passed during a Republican Congress, it was the Republican party which was solely responsible for its enactment.

The record shows that the Taft-Hartley bill was adopted in disregard of the Truman veto, and 55 more members voted to override Truman than the necessary two-thirds in the Senate.

On this vote in the House, the Democratic party was recorded 106 to override the veto and 71 to sustan it. It is the Senate, the Democrats divided 22 for the veto and 20 aainst, but, without those 20 votes from the Democrats in the Senate, the Taft-Hartley bill would never have become law.

-:-

SO WHEN TRUMAN attempts to tell the American people that the Taft-Hartley law was due solely to the Republican party, he does not tell the whole story and gives instead a misleading impression sion concerning the part played by his own party.

It has been more than eight years since the Taft-Hartley bill became law. In the last session, when the Democratic party was in control of both houses of Congress, efforts to amend it were defeated to no small extent as a result of a belief among certain Democratic senators that the amendments would weaken the existing law.

Truman made another misleading statement when he discussed the indictment brought by the present administration against a CIO union in Detroit for alleged violation of the Federal Corrupt Practices Act which bans contributions by either labor unions or corporations to political campaigns in which candidates for federal offices are running.

Truman called the filing of the indictment a manifestation by the present administration of a fear that labor would be active in the 1956 campaign. He accused the Republican administration of an intention "to get rough," and said he would get rough, too. He added that inclusion of his unions in the Taft-Hartley Act was one of the reasons he vetoed it.

-:-

WHAT THE FORMER PRESIDENT omitted to tell his audience was that in an election year — January 1948 — his own administr tion also indicted a CIO union under the same law.

Nobody at the time accused the Truman administration of trying to hamper the operations of unions in elections or of attempting to suppress free speech. The indictment was brought then just as another is being brought now, to determine the uimits of the law.

What Justice Reed, speaking for the Supreme Court in June 1948, said in his opinion was that the court was not passing on constitucandidate's election wasn't a fisary and that mere purchase of extra copies of a union newspaper containing political news and edi torials or statements advocating a candidae's election wasn' a fi nancial expenditure barred by the law.

Justice Reed pointed out that Sen. Taft, in explaining his amend ment to the Corrupt Practices Act, had declared that no such expe. diture would be barred because it was a union's right to publish a newspaper of its own and to say what it pleased.

-:-

THE NEW POINT that has arisen, and which the Supreme Court didn't settle in the case that was dismissed by Justice Reed's opinion seven years ago, is related to whether an expenditure for a particular radio program on which a political peaker appears constitutes a direct contribution barred by the law.

If the radio program is regularly used through a long period to espouse the views of a union and a speaker who happens to be a candidate talks on the program, it is difficult to see how it can be held that this would be a political expenditure but, from the viewpoint of all concerned, it is better to have a test case brought to resolve the issue than to leave it undecided, which means some who could properly buy radio time might hesitate to do so.

It seems unfortunate that Truman would condemn the Eisenhower administration for bringing a test case when under his own administration the same thing was done in an election year — and presumably for the same reason, namely, to determine the exact limits of the law governing campaign expenditures.

That's Education

By TRUMAN TWILL

We spend more time in our family talking about education than any other single subject. And the subject is far from being worn out by all this attention.

It is just beginning to round into shape. There are lucid intervals when some of us think we are beginning to understand what education is and what it isn't.

It isn't the performance of certain routines in a manner to satisfy minimum requirements.

It isn't attendance in a place called school for a fixed number of hours and days.

These are the kind of misconceptions that grow out of any subject for dealing with human beings in the mass. But they have nothing to do with education.

Education is any systematic form of training people to live usefully and intelligently, according to the lights of those in authority at the time.

Because it is a privilege bestowed on those who need it by those who have accepted an obligation to give it to them, education reflects the convictions of the bestowing generation.

Under Hitler, education in Germany became political discipline.

Under Stalin, it was revolutionary discipline in Russia.

In some places at some tmes it has been preparation for war. In other places at othe. times it has been preparation for suffering, stoicism, fanaticism, commercialism, the humanities and sometimes the inhumanities.

In the United States, education has turned out to be so many things no one can comprehend all of them. Public demand has built an enormous inverted pyramid on reading, writing and arithemtic — the fundamentals of all education.

The pyramid teeters and wobbles in all directions, depending on who happens to be pushing hardest at a given time in a given direction. Moreover, it keeps growing larger as more ideas of what education should be are added — piloting airplanes, for example, as well as driving automobiles, and rules for sound marital relations added to domestic science.

American education, in other words, is as complex as the society it reflects. And it will grow more complex, demanding more and more from instructors, who must serve not only as teachers of fundamentals but as exponents of whatever the Amercan way of life happens to be at the time.

This means education as a whole can be no better or worse than the men and women responsible for training the young to do what their elders believe they should know how to do.

The key to the process is not the tycoon with a billion dollars who thinks everybody should be made in his image, nor the radical with a pet hate who would like to make everybody just like himself, but the teachers — all the way from young Miss Fumadiddle in the kindergarten to old Dr. Wizzard in the graduate school.

Education is teachers — not books, dogmas, formulas, stunts, requirements, cost per pupil, or statistics, but teachers. And teachers are people.

You start from there and if you're lucky you get the kind of results that make you want to put some feeling into "God Bless America."

The News invites letters from readers on all important current subjects. The letters should be brief, not to exceed 200 words and must bear the signature and address of the writer to insure publication. Letters with anonymous signatures will not be published.

SIDE GLANCES By Galbraith

"Why does the boss always wait till quitting time to start showing pictures of the big fish he caught on his vacation?"

The Depression Has Set In

A Friend To All

By GEORGE SOKOLSKY

I see by a circular that National Dog Week will be celebrated between Sept. 18 and 24. I had not known that dogs had a whole week all to themselves which is more than some humans have had in all their lives. I cannot imagine what Joe Joe will do in such a week, as Joe is very close to humans and would not want to be away from them for all that time even to celebrate Dog Week. I fear he will ignore man-made weeks and stay at my side loyally wondering why it is so much when it is more fun running all over the place, particularly through beds of pachysandra which sing such a delightful song when dogs go through them.

Sokolsky

Some folks like nobody and some like only their own kin, but Joe likes everybody. He even likes dogs which is unusual for a dog. Maybe that is in the nature of a Keeshond.

Joe likes people. And he shows his liking by the fiercest kind of barking. I am sure that his bark is worse than his bite which is characteristic of many humans, too.

-:-

JOE LIKES to be liked which is why some people go into politics and Joe is a man as are most actors. In a word, Joe is human in his faults and a dog in his virtues.

Joe is an anarchist. He obeys orders only when he chooses. I have read all the books on the subject of raising dogs but never have found one that explains Joe's penchant for the philosophy of Emma Goldman which was that you cooperate with others when it suits you. That is Joe to a dot.

Years and years ago, I wrote a piece saying that a New York apartment house is no fit place for a dog. Hundreds—literally hundreds—of dog lovers wrote to me abusing me with even more venom than a Washington egg-head does when he misunderstands my ideas.

HAVING BEEN looked after by Brownie in a New York apartment and now by Joe, I can put it on the record that a man selfishly abeuses a dog by keeping him anywhere that requires the dog to be walked on a leash. It is a form of slavery that no dog should be required to submit too.

In the woods, Joe runs and romps and jumps in a brook or sleeps on wet grass. Every once in a while, he runs up to Brownie's grave and has a look at it and then makes for the tall grass which he runs through, loving the swish of it and pobably cleaning his silver and black fur. He is master of all he surveys.

In a month's time, he will be a slave to the leash, walking in Riverside Park, watchful lest a cop come up and accuse him of being off the leash.

-:-

THERE IN THE big city, he cannot even bark like a gentleman. As soon as he opens his mouth, everybody jumps at him, lest the neighbors be offended, or lest somone complain to the board of health about a loud dog who likes to express his opinion on all questions with complete and utter freedom.

It is a tough life for a dog in the big city and it gets tougher all the time, particularly in the winter when they spray the roads with sand and rock salt that gets in between his toes and forces him to limp, or when, before he can come into the carpeted rooms, he has to be wiped off, no matter how much that hurts.

-:-

IF THE CITY is that tough on dogs, imagine what it must do to children. And maybe that is why there is juvenile delinquency. I have never heard much about canine delinquency, although there must be some, because it is true that dogs are like their masters and if a delinquent boy has a dog, maybe the dog will be delinquent too.

But dogs are never bad of their own will. They could not be because God made them to be good. That is why so many millions of human beings need dogs about them.

They need something about them to be wholly unselfish, wholly kind, wholly loving. Of course, that is why I like Joe.

No Quick Disarmament

By JAMES MARLOW

WASHINGTON (AP) — The world got a happy jolt when President Eisenhower, last July in Geneva, proposed the United States and Russia swap complete military information and inspect each other's areas from the air to prevent cheating.

That suggestion — added to Eisenhower's statement to the Russians this country is willing to agree on arms reductions—may have seemed to many like the big break at last in the disarmament logjam.

And it may well be. But any agreement between this country and the Communists on disarmament will probably mean for a long time a very limited kind of disarmament, not a stripping to the bone.

Eisenhower has never said how far the United States would be willing to go in disarming. That is something which, of course, would have to be worked out and would depend on how far the Russians want to go.

But the balance of power in the world today — the force which keeps the Russians and Red Chinese from kicking over the traces — is this country's ability to hit aggression at once with planes and nuclear weapons.

Eisenhower could hardly throw away that power by offering to disarm the United States to such an extent that it couldn't protect itself and its friends from a surprise attack.

Before the United States does any disarming at all it would have to be sure the Russians did the same. That means some system of inspection from the air or otherwise, to make cheating difficult if not impossible.

Harold Stassen, Eisenhower's specialist on disarmament, is talking about it with the Russians in a United Nations subcommittee meeting. So far as is known they have not come even close to agreements.

The new secretary of the Air Force, Donald A. Quarles, indicated in a recent speech that this country has no intentions any time soon of abandoning its power to keep the Russians in check.

He said it was the Communists' respect for this country's strength which led to their cordiality at Geneva and it is 'only by maintaining strength that we can follow up the developments at Geneva with concrete results."

He said: "Our responsibility as military men is to maintain for the foreseeable future strength that makes such a process of negotiation and adjustment possible.

"Clearly, if our air power and nuclear weapons are to continue to comprise the principal deterrent to aggression, we must continue to maintain a qualitative superiority . . .

"We intend to see that it (the capability to hit back, even after an attack on the United States) shall exist in every foreseeable tomorrow, in fact, until some other reliable basis for peace has been achieved."

So They Say

To maintain peace in the Pacific and East Asia, we must stand together as comrades-in-arms with the United States.—Japanese Prime Minister Mamoru Shigemitsu.

The best Russian scientists are as good as any in the world.—Adm. Lewis Strauss, Atomic Energy Commission chairman.

I think peace will come to the entire world. I've always been an optimist. — Ex-President Truman tells Far Eastern newsmen in Independence, Mo.

Thoughts For Today

Thus saith the Lord, After this manner will I mar the pride of Judah, and the great pride of Jerusalem.—Jeremiah 13:9.

In general, pride is at the bottom of all great mistakes.—Ruskin.

That thou enquirest after mine iniquity, and searchest after my sin?—Job 10:6.

Man-like is it to fall into sin, Fiend-like is it to dwell therein, Christ-like is it for sin to grieve, God-like is it all sin to leave. — Friedrich von Logau.

Now thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savour of His knowledge by us in every place.—II Cor. 2:14.

In darkness there is no choice. It is light that enables us to see the differences between things; and it is Christ that gives us light.—J. C. and A. W. Hare.

Once Over

By H. I. PHILLIPS

The Real Threat

Gravest danger free world faces is the Assault by Smile, the all out Good Humor Attack. Operation Grin. The current need may be not so much for disarmament as for a "dissmiling" program. How about voting for inspection teams to fly over the big-smile zones and keep a check on who's kidding?

Our side can be more menaced by the atomic grin than the atomic bomb at this hour. It is clear to Washington that the U.S.S.R. is using the "Happiness Boys" picture all over the earth to spread the idea that Russia discovered the personality smile and wrote the songs "For He's a Jolly God Fellw," "Hearts and Flowers" and "Is Everybody Happy?"

-:-

OUR SIDE NEEDS, and fast, the slogan "Be careful of that smile, bub. IT MAY BE LOADED." A smile can be wonderful. Nobody likes a sourpuss. But in an international crisis it can be an explosive weapon. This summer the smile has come in so many sizes, shapes and textures that it seems most important to be sure its the right model before accepting one.

Everybody is wondering how far to trust a facial expression and is asking these questions:

1. How can the ear-to-ear grin be synchronized convincingly with Red inspired troubles all over the globe?

2. Does it make sense to believe that two parts of Khusche Elixir of Gaiety and two parts Red Chinese excoriation of Uncle Sam make an effective bird-bath for the Dove of eace?

3. What is the Moscow "Sunny Boy" personality worth in the face of a Red operated conspiracy stirring up massacres and war in French North Africa?

4. Is a Soviet grin worth a thin dime against the background of Oued Zem, where the throats of women and children were cut by savage tribesmen with no discernible protest from the Communist world?

5. What's a fair quote on a personality smile against the record of fliers shot down without reason, prisoners still held in Red camps everywhere, and the truce terms in South Korea violated largely through conniving by Commie members of musical comedy inspection teams?

-:-

THE FREE WORLD seems to be waking up, and Ike came out the other day with some straight talk indicating that the Geneva smile fest, the Moscow picnics and the outdoor cocktail parties shouldn't fool the world. How about some massive retaliation by a normal facial expression?

A smile can be wonderful, but it can also be a piece of skullduggery and a screen for dirty work behind the old mill. What are we in, anyhow, a struggle for survival or a Gallup popularity poll and Hollywood screen test? Would we have been fooled by Kaiser Bill smiling at Wilson? Did Hitler grin at Churchill?

WHY SO MUCH SURPRISE that Foster Dulles has a gun permit in New York and Washington? Maybe he has been watching whodunits on video and madetobelieve that a pistol is compulsory for casual dress. And don't you need a gun toi get a cab, bus or survice car in Washington?

Herman Wouk, author of the goldmine "Caine Mutiny" has a new book "Marjorie Morningstar" obviously aimed for the female trade. He means "The JANE Mutiny."

Col. Sidney Bingham has retired after 39 years with the New York subways. That's a long time to spend in a hole before finding the right exit.

The thing to remember about the defeat of "Swaps" is that "Nashua" was carrying an extra syllable for the full mile and quarter!

Looking Backward

FROM THE NEWS FILES

FIVE YEARS AGO—Eagles Club members Tuesday night agreed to offer their building on E. State St. for use by the local contengent of the Ohio Defense Corps.

City Council Tuesday night deferred action on the financing of a master plan for an arterial highway plan.

Fired Because Father Was Red

Navy Takes Action Against Reservist

NEW YORK (AP)—The Navy reportedly has cleared a psychologist as a reserve officer but has discharged him as a civilian Navy employe — acting on the same evidence involving alleged Communist leanings in the man's immediate family.

The case was disclosed Wednesday by an attorney for Joseph Gaberman, 42, who co-authored some of the Navy's basic manuals on flight training.

The attorney, Montague Casper, said Gaberman was suspended from his $7,000-a-year job as civilian psychologist March 6, 1952. A three-man civilian loyalty board found he was a security risk but did not question his loyalty. An appeal failed.

On Sept. 5, 1952, Casper said the Navy suggested an honorable discharge for Gaberman from his commission as a reserve lieutenant.

Gaberman refused to resign, and appeared before a three-officer hearing board in Brooklyn in March 1953. Giving testimony, Casper said, were members of the civilian loyalty board.

The military board ruled Gaberman could remain "an officer on inactive duty in the ready reserve," Casper said.

Among charges against Gaberman were that his father once was a Communist, and that both his father and mother had been members of the International Workers Order, listed by the attorney general as a subversive organization.

Gaberman has denied he ever was a Communist or a Communist sympathizer.

Mrs. John P. Limpose

Mrs. Raymond Hollabaugh

First Baptist Church Scene Of Double Wedding Ceremony

The First Baptist Church was the scene Saturday of a double wedding in which Miss Norma V Crum became Mrs. John P. Limpose and Miss Cora Reed became Mrs. Raymond Hollabaugh. Rev. R. J. Hunter officiated at the ceremony.

Mrs. Limpose is the daughter of Mr. and Mrs. E. R. Crum of RD 1, Beloit and Mr. Limpose is the son of Mrs. Caroline Reed of Walnut St. The couple exchanged vows in a double ring ceremony.

Complementing the bride's blue chantilly lace over taffeta dress were pearl earrings and necklace. She wore white accessories with a shoulder length veil attached to her pink rosebud headpiece. She wore a corsge of pink rosebuds.

The new Mrs. Limpose attended Sebring High School, and is employed by the G. C. Murphy Co. Her husband attended Salem High School. He is an employe of the Elger Co.

The couple will make their home near Beloit.

Mrs. Hollabaugh, before her marriage, Miss Cora C. Reed, is the daughter of Mrs. Caroline Reed of Walnut St. Mr. and Mrs. David Hollabaugh of Canton are the bridegroom's parents.

The bride wore a dress of white nylon taffeta. Made by the bride it was styled with princess lines and a scalloped neckline. She too wore a headpiece of pink rosebuds to which her shoulder length veil was attached. Completing her attire was a pink rosebud corsage.

Mrs. Hollabaugh attended Salem High School. Her husband, who is employed by the Hercules Manufacturing Co. of Canton, attended Canton High School.

They will make their home in Canton.

For her daughter's wedding Mrs. Crum chose a gray dress with white accessories. Mrs. Reed was attired in black with white accessories. Mrs. Hollabaugh attended her son's wedding in a navy blue dress with matching navy accessories. Each wore a corsage of red roses.

Seventy-five guests from Salem, East Palestine, Beloit, Canton, Michigan, Youngstown and Pennsylvania attended the reception held in the Reed home.

Wedding cakes placed at either side of gladioli bouquets formed the centerpiece for the refreshment table.

Miss Mignon Lyons Becomes Bride Of Galen Gene Brandt

Attractive in a white lace over white satin taffeta gown, Miss Mignon Lee Lyons became the bride of Galen Gene Brandt Sunday at the Winona Methodist Church.

Conducting the double ring ceremony were Rev. Earl C. Brooks and Rev. Thomas H. R. Hammerton, brother-in-law of the bride.

The bride, who is the daughter of Charles B. Lyons of Massillon, has been residing with Mr. and Mrs. James A. Rhodes Sr. of Winona. Mr. Brand tis the son of Mr. and Mrs. R. H. Brandt of Winona.

The bride's gown consisted of a fitted bodice, hooped skirt and peter pan collar and was street length. Her long fitted mitts and small crown of seed pearls with a fingertip veil complemented her attire. She carried a white Bible set in white flowers and carnations and forget-me-nots in streamers dangling from the Bible.

The maid of honor and sister of the bride, Miss Glenda Lyons, wore a baby blue street length dress cut in princess style. Jacqueline Lyons, another attendant, was dressed like the maid of honor. Both carried deep pink roses fashioned into nosegays.

Diane Rhodes, flower girl, carried a flower-filled basket and wore a yellow dress.

Lowell Brandt, brother of the bridegroom, acted as best man, while ushers were Robert Brandt, another brother and Richard Dunn.

Mrs. Rhodes wore a lace over orchid dress with white accessories, and Mrs. Brandt was attired in navy blue lace with navy and white accessories.

Candles and gladioli were used in table decorations at the reception immediately following the ceremony in the basement of the church. Assisting were Mrs. Jean Rhodes, Mrs. Betty Bartelo, Mrs. Lil Dusenberry, Mrs. Helen Dimko, and Mrs. Mary Hammerton. Guests came from Salem, Massillon, Canton, Cleveland, Winona, Smithfield, Lisbon and Pennsylvania.

A graduate of Salem High School, the bride is employed by the Mullins Mfg. Corp. Mr. Brandt who attended Kent State University, was in the service for two years, and is employed at Save-Way Sales Mfg. Corp.

The couple will reside at 608 Aetna St.

Coverdish Supper Held By Baptist Society

The "mustard seed" theme was carried out at the meeting of the Baptist Business Women's Missionary Sociey Tuesday evening. The coverdish supper and guest night was held at the home of Mary Bryan. Sixteen members and six guests were present.

Miss Ruth Blackburn was in charge of the devotions. The program was presented by Mrs. Julius Bartha. The mission topic was given by Mrs. Joseph Barnes. Mrs. Rita Lindsay reported on the Granville House Party.

The next meeting of the society will be Oct. 4.

Mr. and Mrs. F. J. Ryser and Cliff Mix of W. Pershing St. have returned from a 3500-mile vacation trip to Miami, Fla., and other points of interest. They visited the Don Heddleston family in Miami.

Class Votes Donation To Flood Relief Fund

A donation to the flood relief fund will be sent by the Harris Class of the First Christian Church it was decided at the class meeting Tuesday evening at the H. P. Kyle home. Twenty six attended.

The nominating committee for new officers was appointed. The members are Clifford Zimmerman, Mrs. Burrows Jones and Mrs. Bruce Wilson.

Mrs. Jones was in charge of the devotions. She presented 'Learning from the "Ant."

During the program, Mrs. Harold W. Deitch reported on the convention held in Toronto, Canada which she attended with Rev. Deitch. Mr. and Mrs. Kyle, who also attended the convention, showed pictures.

A Halloween party and a Scotch auction will be held Oct. 24 at the Zimmerman cottage at Sevakeen Lake. The auction committee is comprised of Mrs. Calvin Filler, Mrs. Russell Thomas and Mrs. Wallace Duncan.

The committee in charge of the Tuesday meeting was Mr. and Mrs. Calvin Filler, Mr. and Mrs. Harrison Kyle, Mr. and Mrs. Tyler Jacobson and Mr. and Mrs. Russell Gunn.

Miss Marilyn Kerr Is Shower Honoree

Miss Marilyn Kerr of East State St. was honored at a miscellaneous shower party Tuesday night. Hostesses were Mrs. Jack Thorne and Mrs. Gene Dean in the Dean home on Oak St.

Miss Kerr, bride-elect of Gayle Johnson of Mingo Junction, has chosen Sept. 15 for her wedding date. The immediate families will witness the ceremony, which will be performed in the Church of the Nazarene.

A guest at the party was Mrs. Ronald Gesaman of Youngstown. Gifts for Miss Kerr were arranged on a table decorated in pink and white with a sprinkling can carrying out the shower theme.

Refreshments were served buffet style.

Christian Endeavor Society Plans Program

Plans for a Thanksgiving program were outlined at a meeting of the Christian Endeavor Society Sunday evening in the Phillips Christian Church.

The congregation will be invited to the program which will include a religious film.

Sunday at 8 p.m. the Christian Endeavor will meet again in the church.

Miss Shirley Moore Becomes Bride Of Charles W. Goddard

The candle lighted chancel of the Lisbon Methodist Church was the setting for the double ring ceremony Saturday, uniting in marriage Miss Shirley Ann Moore and Charles Wendell Goddard. Rev. Chalmer Cope officiated before the altar which was decorated with palms, ferns and gladioli.

Miss Moore is the daughter of Mr. and Mrs. Ray E. Moore of RD 1, Disbon and Mr. Goddard is the son of Mr. and Mrs. Lawrence Goddard of Salem.

The soloist, Mrs. Vernon Duke, sang "September Song," "I Love You Truly" nad "Because."

The bride, escorted to the altar by her father, was attired in a gown of white chantilly lace over satin. It featured a square scallopped neckline with basque waist and full tulle skirt with bands of lace insertions.

The bride's veil was attached to a small satin hat trimmed with rhinestones. She carried a white Bible covered wth tiny white rosebuds. The bridegroom's gift, a single strand of pearls, was worn by the bride.

Mrs. Jean Dowd of Lisbon, the bride's sister, was matron of honor. Her gown was in turquoise nylon. It was designed with a shirred strapless bodice of torso length and a full skirt.

The bridesmaids, Miss Janie Goddard of Salem, sister of the bridegroom and Miss Barbara Pike of Lisbon wore shrimp-colored gowns made identical to that of the matron of honor. They wore tiaras studded with pearls, and half veils. The attendants carried nosegays of tiny yellow and white mums centered with a red rose.

Patrick Simpson of Salineville served Mr. Goddard as best man. James Starkey and James Raffle of Salineville were ushers.

The mother of the bride was attired in black with black and white accessories. Her corsage was of white carnations. The bridegroom's mother wore a slate blue atffeta dress with black accessories and a pink carnation corsage.

The couple was greeted by 125 guests at the reception held in the social hall at the church. Guests were present from Chicago, Ill., Cleveland, Vienna, Youngstown, Salem and Salineville.

A tiered wedding cake topped with a miniature bride and bridegroom centered the bride's table which was decorated with gladioli Miss Mary Grimm and Miss Elizabeth Williams served.

The bride is a 1954 graduate of Lisbon High School and is employed as a bookkeeper at the Sears, Roebuck & Co. The bridegroom is a 1952 graduate of Salineville High School and is an employe of the Deming Co.

Mrs. Charles W. Goddard

A white organdy dress trimmed in red velvet with white accessories was worn by Mrs. Moore on her honeymoon trip. They plan to visit her brother, Cpl. Richard E. Moore at Fort Bragg, North Carolina and then continue on to Florida.

On their return, the couple will make their home in Salem.

FETED ON BIRTHDAY

Mrs. Earl Schory of Monroe St. entertained 21 friends and relatives of her five-year-old son, Buddy, Sunday in celebration of his birthday.

Buddy received many gifts, and the refreshments served featured a decorated birthday cake.

Game prizes were awared to Tommy Marple, Theresa Kleinman, David Karmazin, Marsha Catlos, Edward Bober, Tommy Adams, Carol Ehrhart, Sharon Wentzell and Bobby Ehrhart.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary ot wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

STROUSS - HIRSHBERG OF SALEM

Committees Named By Elks Auxiliary

New committees were appointed when the Elks Auxiliary held its regular meeting Tuesday evening at the Elks Home. Mrs. J. L. Pelley, president, presided.

The committees appointed are: social for September, October and November, Mrs. Joe Pasco, Mrs. Roland Zimmerman, Mrs. Robert Hiltbrand, Mrs. H. R. Robinson, Mrs. Frank Kesselmire and Mrs. Ed Blackburn; entertainment for the same months — Mrs. Wayne Steffel, Mrs. Paul Meir, Mrs. Richard Greene and Mrs. James Primm Jr.

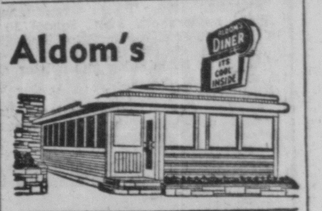

The retiring June, July and August committees are: social, Mrs. Thelma Hickey, Mrs. Harry McBride, Mrs. Robert Hickey, Mrs. Clarence Wooley, and Mrs. F. H. Benson; entertainment, Betty Ward, Mrs. Howard Dodge, Gladys Rowand and Mrs. Paul Harrington.

Initiation will be featured at the next social meeting, Sept. 20 at the home.

The drill team will practice on Monday, Sept. 12 at 7 p.m. at the nome.

Misses Betty and Dorothy Camp of Hanoverton, Elaine McBurney of Leetonia and Dolly Collins of Alliance left from Pittsburgh Airport Saturday night to spend a week's vacation in New Orleans.

Concord Presbyterian Church Scene Of Stitle-Ruff Nuptials

The Pocono Mountains in Pennsylvania is the honeymoon destination of Carl Ruff and his bride, the former Jean Stitle, who were married Sunday at 3:30 p.m. in the Concord Presbyterian Church.

Rev. D. Hamilton Funk, pastor of the Concord Church, and Rev. A. Laten Carter, pastor of the First Presbyterian Church here, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Howard Stitle of the Ellsworth Road and the bridegroom is the son of Mrs. Walter J. Ruff and the late Walter Ruff.

Tapers in twin candelabra lighted the altar which was banked with scheffleras and grape ivy and enhanced with twin vases of white chrysanthemums.

Otis Rhodes Jr., soloist for the nuptial melodies, sang "Dreaming," "I Love You Truly" and "Because." Carol Stitle sang the Lord's Prayer during the ceremony. Mrs. Jerd Dow presided at the organ.

The bride was escorted to the altar by her father. She wore a floor length gown of nylon tulle and lace. The portrait neckline of the nylon pleated bodice was trimmed with lace and sequins. Clusters of sequins and pearls trimmed the lace insertion of the bouffant tulle skirt.

Mrs. Carl Ruff

Her veil was attached to a pearl tiara, and with her white Bible, she carried a white orchid showered with ivy and white baby mums.

Carol Stitle, was her sister's maid of honor. Miriam Ruff of Lancaster and Mrs. Donald Gehres of London were bridesmads. All three wore waltz length gowns of peacock crystalette. The boatshaped necklines were trimmed with bands of pleating ending in the back.

Miss Stitle carried a colonial bouquet of pink and white chrysanthemums and ivy. The bridesmaids carried colonial bouquets of pink chrysanthemums.

Donald Gehres was best man. Roger Stitle of Salem and Kenneth Ruff of Columbus ushered.

Mrs. Stitle, in a blue linen and lace dress with navy accessories, wore a corsage of pink sweetheart roses. Mrs. Ruff wore a mauve lace dress with navy accessories and a pink sweetheart rose corsage.

Miss Doris Schneider of North Georgetown registered the 200 guests from Columbus, Lancaster, Salem, Alliance, Beloit, Canton, Marysville, and Berlin Center who attended the reception in the social room at Concord Church.

White satin covered the refreshment table, which was centered with a five-tiered wedding cake encircled with ivy and pink chrysanthemums.

Serving were Miss June VanKaenel and Mrs. William Fast of Salem, Mrs. Loyal Cornelius of Stowe and Mrs. Richard Calvin of Greenford.

The bride, a former home demonstration agent in Columbiana County, was graduated from the School of Home Economics at Ohio State University. The bridegroom, who is now associate county agent in Union County, was graduated from the College of Agriculture at Ohio State University.

The couple will make their home in Marysville.

For traveling, Mrs. Ruff wore a black and white princess dress with white accessories and the orchid from her bridal bouquet.

Ruth Thompson Is Bride Of Robert Culp

Baskets of white gladioli, ferns and palms banked the altar, to form an effective background for the candlelight marriage of Miss Ruth Ellen Thompson, daughter of Mrs. Blanche Thompson of Alliance and the late Harvey Thompson, and Ensign Robert G. Culp, son of Mr. and Mrs. Carl C. Culp of 3911 Princeton Blvd., South Euclid.

The couple exchanged vows at 3:30 p.m. Sunday in the Sebring United Presbyterian Church, with the pastor, Rev. Fulton C. Kissick officiating in the double ring ceremony.

The bride was given in marriage by her brother, Harvey G. Thompson

Miss Eleanor Reynolds of Beloit was her maid of honor. George Knebusch of Cleveland served as best man. Ushers were a brother, Buryl Culp of Lyndhurst, and Dale Wennerstrom of South Euclid.

Mrs. William Reynolds of Beloit was organist for the musical prelude and Miss Ruth Buehler was vocal soloist.

Approximately 125 guests attended the reception in the church parlor immediately following the ceremony.

Mrs. Culp, a graduate of Sebring McKinley High School, attended Kent State University. She was employed as secretary in the personnel office of the Babcock and Wilcox Co. Her husband, a graduate of Brush High School, attended Kent State University. Ensign Culp recently completed flight training at Kingsville, Texas, and now is stationed at San Diego, where the couple will end their honeymoon trip and make their home.

Salem Group Attends Meeting Of Gideons

Mrs. Harry Cline of Beloit, chaplain of the Alliance Camp of Gideons, assisted in directing a recent meeting of the Gideons in the home of Henry Polglaze of Ravenna. A picnic dinner was a feature of the meeting when Mrs. Cline was assisted by A. L. Leininger of Kent, Gideon chaplain.

Attending from Salem were Willard Yengling, Clifford Aiken, Mr. and Mrs. Lloyd Parker and Mrs. Herman Stratton.

A rally at Kent will be held Sept. 25 when representatives of vicinity churches will speak.

Twenty nine churches in the Alliance vicinity had speakers from the Gideons during church services recently.

Social Notes

Mr. and Mrs. Tom Howett of N. Ellsworth Ave. have returned from a vacation trip to the Canadian national exposition at Toronto.

Miss Betty Gray of East State St. has accepted a teaching position in Columbus. Her new address is: 55 E. 13th Ave., Columbus, Ohio Miss Gray returned last week from a European study tour of France, Switzerland and Spain.

Miss Shirley Hagan, daughter of Mrs. Mary Hagan, RD 1, Hanoerton, has entered Mercy Hospital School of Nursing in Canton. She was graduated from Augusta High School.

Engagement Announced

Miss Loretta Spears

Mr. and Mrs. Richard E. McFarland of 373 N. Howard Ave. announce the engagement of their daughter, Loretta Spears, to Orrie E. Dotson, son of the late Mr. and Mrs. Orrie Dotson Sr. of Lisbon.

Miss Spears is a senior at Salem High School, and Mr. Dotson is an employe of the Erie Railroad.

No date has been set for the wedding.

29 Persons Attend Lesch Family Reunion

Twenty - nine descendants of Mrs. Bridget Lesch and the late Bert Lesch gathered Sunday at Centennial Park for their annual reunion.

Attending were Mrs. Lesch; Mr. and Mrs. Walter Lesch and family of Youngstown; Mr. and Mrs. John Lesch and family of Canfield; Mr. and Mrs. George Brantingham and family of Winona; Mr. and Mrs. Albert Lesch and son; Mr. and Mrs. Edward Thomas and family; Mr. and Mrs. Frank Hoopes and Mr. and Mrs. Al Spack all of Salem.

Mr. and Mrs. Albert Lesch arranged the reunion and had charge of the games and prizes. Awards in the bean guessing contest were won by Albert Spack, Esta Lesch, Walter Lesch Jr., and Roberta Thomas. Shoe contest winners in various groups were: boys, John Lesch, Jr., and David Thomas; girls, Linda Kay Lesch and Roberta Thomas; women, Marie Thomas and Edna Brantingham; and men, Walter Lesch, Sr. The shoe scramble was won by Nancy Lesch and Al Spack.

Mr. and Mrs. Edward Lesch will arrange next year's reunion.

May Quiz Pharmacy Student In Heiress' Death

PHILADELPHIA (AP)—Dist. Atty. Samuel Dash said that the 20-year-old son of the couple in whose home Mrs. Doris Silver Ostreicher died may be produced for questioning today.

Capt. David H. Roberts of the homicide squad was told that Allen Schwartz, a student of pharmacy, might be made available in the presence of William A. Gray, noted lawyer, who has been engaged to represent the youth and his parents, Mr. and Mrs. Milton Schwartz.

An inquest last Friday established that Mrs. Ostreicher, food store heiress and bride of two months, died Aug. 24 after a criminal abortion, only a few days before her 23rd birthday.

Dash disclosed also that Morris Wolf, counsel for the girl's parents, Mr. and Mrs. Herman R. Silver, has offered to permit the district attorney and an assistant to visit the mother at her suburban Melrose Park home to determine whether she is able to undergo questioning.

Mrs. Silver has been reported in a state of shock, requiring constant medical care, since her daughter died.

The district attorney's office has described Mrs. Silver as a key witness. It was brought out at the inquest that mother and daughter were together at the Schwartz home on the night of Aug. 24 when Mrs. Ostreicher died.

SEPTEMBER SAFETY — This drawing won first prize as the September safety poster in the American Automobile Association's nationwide contest for 1955-56 school safety posters. It was drawn by Marian Burch, of the Abraham Lincoln Junior High School of Rockford, Ill.

A porcupine may have as many as 30,000 quills.

Tire Makers Fight FTC Rule

Measure Designed To Protect Small Dealer

WASHINGTON (AP)—Twenty tire manufacturers and dealers went to court today to fight a Federal Trade Commission (FTC) rule designed to protect small tire retailer from big competitors.

The firms—including such giant corporations as Goodyear Tire and Rubber Co. and U.S. Rubber—want Federal Judge Alexander Holtzoff to declare the rule invalid and unjustified.

Under the rule, manufacturer-to-dealer discounts on a single shipment on tires and tubes could be no greater than that now given on a carload lot of 20,000 pounds.

The directive was formulated in 1952 but has never been enforced because of litigation.

James H. Durkin, a special assistant to the attorney general who is representing the FTC in the case, said the current practice of big discounts on large shipments of tires has made competition tough for little dealers unable to make such large purchases.

"The rule," he told a reporter, "is designed to prevent a monopoly in the tire industry and prevent small dealers from going out of business."

On the other hand, an attorney for the firms opposing the FTC proposal said that if the courts allow the rule to go into effect there would be "economic upheavel in the entire industry."

The firms contend the rule is invalid because (1) the FTC approved it without formal hearings, and (2) there is "no evidence to support' 'the commission's findings that the rubber industry's pricing practice have promoted monopolies.

The companies opposing the rule: Goodyear, U.S. Rubber, B. F Goodrich Co., General Tire and Rubber, Firestone Tire and Rubber Co., Allied Tires & Batteries, Inland Rubber Co., Pacific Tire & Rubber Co., Demman Rubber Manufacturing Co., Mansfield Tire & Rubber Co., Seiberling Rubber Co., Dunlop Rubber Co., Missouri Farmers Assn., Durke-Atwood Co., Carlisle Corp., Western Auto Supply, Montgomery Ward Co., Dayton Rubber Co., Lee Rubber and Tire Co.

The United States turns out 12½ billion match books a year.

Women Would Be Father, Mother Of Children

Scientists Uncover Way To Have World Without Men

EAST LANSING, Mich. (AP)—Consider a world without men, where women are father and mother of children.

This is theoretically possible—but most unlikely—based on experiments with a frog world where females have been eliminated. The males produce all the young tads

This womanless world of frogs and conceivably manless world of human beings was described today to the American Institute of Biological Sciences by Dr. Emil Witschi and Dr. C. Y. Chang of State University of Iowa.

They experimented with a common type of frog, often used in pregnancy tests. They treated male embro (still unborn) frogs with a female sex harmone. The males all becme egg-prduci n g females but were still genetically males.

When the eggs from these sex reversed frogs are fertilized by sperm from their brothers, or from other male frogs, all the young tadpoles are of mal econstitution.

But any desired percentage of them can be induced to become "females" by a d d i n g a tiny amount of the female sex hormone to the water in which they live. One week of hormone treatment produces the change of apparent sex, for a lifetime.

At this point, for procreation of the colony of frogs, the true genetic females are no longer necessary.

Theoretically, it might become possible to do this same thing with animals or conceivably with humans, said Witschie and Chang.

A more likely possibility is predetermination of sex at will in stock animals, to be sure of producing male or female offspring.

If human sex were tampered with like the frogs were, the human male might become unnecessary.

If human embryos could be treated hormally as were the frogs, only girls would be produced. Some of them might also be induced to have some male characteristics, to contribute the male share of fertilization, but they would not be changed into men. Genetically, they would be females. No true males would be necessary.

City Workers Get Pay Raise At Middletown

MIDDLETOWN, Ohio (AP) — The Middletown City Commission last night authorized the drafting of legislation to give all municipal employes a four per cent salary increase, effective Oct. 1.

Acting City Manager Charles Thompson said members of an employe bargaining committee had agreed to accept the raise although they were dissatisfied with it and proposed future bargaining sessions, "possibly next year."

The commission declined to agree to an employe proposal that the pay boost be made retroactive to last Aug. 1.

A few weeks ago the employe committee rejected the four per cent increase and demand a pay bost of five per cent.

Westinghouse Faces Strike

Workers Throughout U.S. Vote On Walkout

PITTSBURGH, (AP)—Members of the CIO International Union of Electrical Workers at eight Westinghouse Electric Corp. plants are on record today as favoring a nationwide strike against the company.

Voting of locals at 28 Westinghouse plants got underway yesterday with more scheduled the remainder of the week. Of the first 10 plants reporting only two voted against a strike at midnight Sunday.

The strike has been authorized by the union's Westinghouse Conference Board to back CIO-IUE Local 601 in its dispute with the company at the nearby east Pittsburgh plant.

Before the strike can be called, the union's 43,000 members across the nation must ratify the proposal with two-thirds of the locals voting favorably.

Plants which voted to strike are: Bloomfield, N. J.; Edison, N. J.; Trenton, N. J.; Columbus, Ohio; Lima, Ohio; Cleveland, Ohio; Fairmont, W. Va., and Newark, Ohio

Westinghouse gave one-day suspensions to those workers who left their jobs at the Cleveland plant to vote.

In Mansfield, Ohio, CIO - IUE members voted 1,578 to 1,523 in favor of a strike, but the motion did not carry because a two-thirds majority is required to pass a measure.

In Jersey City, N. J., a local with 250 members also voted not to strike. But a union spokesman, who declined to be named, said some of the members have decided to strike despite the action of the local.

The strike at the east Pittsburgh plant began Aug. 8 when 2,200 day workers refused to report to work because Westinghouse was conducting a time study of their jobs.

The union contends the time study violates the contract. Westinghouse claims the contract permits the time study and contends the union is trying to interfere with the company's right to manage.

All production at the plant has been halted with some 9,000 nonstriking employes laid off because of lack of work.

DIES OF INJURIES

COLUMBUS, Ohio (AP)—Asa Wilbert Rogers, 74, died yesterday of injuries received Sept 1, when hit by a car here.

More than $2,600,000,000 has been spent on new religious structures in the United States in the last five years.

RETURNS TO CELL — Convicted murderer Wilbert Coffin, above, under sentence to be hanged this month for the murder of an American hunter, is back in his cell after having fled the Quebec City jail for a few hours. He escaped by cowing his jailers with a fake pistol carved from a bar of soap. Coffin returned to his cell after talking with his lawyer.

Plan To End Harvester Co. Strike Studied

CHICAGO (AP) —International Harvester Co. officials are studying the CIO United Auto Workers' latest proposal to end a 16-day-old strike of 40,000 employes in seven states.

The proposal was submitted at a negotiating session Wednesday.

The union earlier had rejected as "not acceptable' what the company called its final offer. It included a layoff pay plan and a 10-cent hourly wage boost.

The union's counterproposal included suggestions that new security provisions, day and piece work rates and unsettled grievances be worked out at local levels.

The union proposed that the company's layoff pay plan be made effective in any states where Ford and General Motors plans are effective and where Harvester also oprates plants.

The union said layoff pay benefits, as suggested by Harvester, would never be paid in Kentucky, Indiana and Tennessee although they might be paid in Illinois.

Other UAW proposals pertained to health security, pensions and bargaining for salaried employes.

Plants in Illinois, Kentucky, Indiana, Tennessee, California, Wisconsin and Ohio are closed by the strike. The company estimates its average pay is $2.07¼ hourly.

Israel's Tel Aviv, with a population of 358,000 was a sand dune wilderness 45 years ago.

Educator Says Home Life Must Improve

DELAWARE, Ohio (AP)—American home life must be reinforced to save today's children from delinquency, a school administrator told Ohio's Methodist pastors last night.

Dr. Novice G. Fawcett, Columbus school superintendent, said:

"If the home is broken, the morals degraded, or the parents both working, the idle and undirected hours of time for children can result in acts of misbehavior which bring them into contact with the courts.' '

Fawcett addressed the Ohio Area Methodist Pastors' School at Ohio Wesleyan University. Tonight's speaker will be Rep. Walter H. Judd, Minnesota Congresman and former missionary, whose topic will be "Can We Apply Christian Principles to International Relations?"

Stuck In Clothes Chute

DETROIT (AP) — Eight-year-old Albert James Crafton tried sliding down the clothes chute Wednesday night at the Crafton family's two-story home. He got stuck. His mother called police. They tugged and pulled. Then they poured baby oil on him. That didn't work either. But finally freed little Albert by tearing out part of the wall.

Obituary

William Hippely

William Hippely, 82, died at his home on the Teegarden - Franklin Square Road at 7 p.m. Wednesday following a week's illness of a heart ailment.

He was born at Nordheim, Germany Sept. 29, 1872, the son of Michael and Regina Hippely. His wife Rose preceded him in death three years ago.

He is survived by two daughters, Mrs. Elizabeth McDonald of Winona and Mrs. Alice Weikert of Corapolis, Pa.; three sons, Curtis and Joseph, both of RD 3, Salem, and Ralph of Columbus; one brother Fred of RD 3, Salem; 11 grandchildren and seven great grandchildren.

Two sons, William and Charles, preceded him in death.

He came to this country at the age of 17 and lived in this vicinity since then. He was a farmer.

Funeral service will be 2 p.m. Saturday at the Arbaugh - Pearce Funeral Home, Rev. Harold Winn of the Friends Church in charge. Burial will be in Hope Cemetery. Friends may call at the funeral home Friday evening.

Albert Winder

Word has been received by Homer Hilliard of the death of his uncle, Albert Winder, 92, of Santa Monica, Calif., who was a Salem resident for many years.

Funeral service was held in California Sept. 3 for Mr. Winder, who died in a Santa Monica Hospital Sept. 1.

While living in Salem, Mr. Winder was a meat cutter and was employed by several different butcher shops. He was a charter member of the Quaker City Band.

His wife and two sons, Earl and Donald, preceded him in death.

Survivors include two daughters-in-law, Mrs. Rebecca Mounts Winder and Mrs. Rena Winder; two granddaughters and several great-grandchildren, all in California; a sister, Mrs. Pearl Jacobson of Homeworth and a brother, William Winder of Lake Milton.

Mrs. Harry H. Wilson

NEW SRINGFIELD — Mrs. Viola W. Wilson, 90, died Wednesday at 10:30 p.m. at her residence, 227 N. Boardman St.

Born in Beaver Township Oct. 20, 1864, she was the daughter of Jacob and Mary Ann Stauffer Wilderson.

She was married in 1892 to Harry H. Wilson, who preceded her in death in 1894. She spent most of her life in this area and lived a few years in Salem. She was the oldest living member of the Columbiana Christian Church.

Her only survivor is a daughter, Miss Esther Wilson, with whom she made her home. Miss Wilson was formerly superintendent of Salem City Hospital.

Funeral service will be Saturday at 3 p.m. at the Christian Church in Columbiana with Rev. Frank Lillie officiating. The body will lie in state one hour previous to the service.

Friends may call at the residence Friday evening.

Vernon L. Crawford

ROGERS — Vernon Louis Crawford, 57, well-known resident of Rogers, died at his home Wednesday at 5:30 p.m. after a lingering illness.

Born July 15, 1898 in Elkrun Township, he was the son of Mrs. John Crawford and the late John Crawford. He was married in 1943 to Elvira Jenkins, who survives. A lineman for the Collier Construction Co. of Warren for 30 years, he was a member of the Rogers Christian Church.

Survivors besides his wife include his mother, who lives in Rogers; a stepson, Leo Jenkins of Rogers; two granddaughters; a sister, Mrs. Viola Smith of Beaver Falls; and two brothers, Lehman of New Waterford and Everett of Rogers.

Funeral service will be Saturday at 2 p.m. at the Warrick Funeral Home in Columbiana with Rev. Robert Dyke of East Palestine officiating. Burial will be in East Carmel Cemetery.

Calling hours are Friday afternoon and evening at the funeral home.

Paul Wakefield

WARREN — Paul Wakefield, 49, maintenance department foreman at the Mullins Mfg. Corp. plant here, died Wednesday afternoon at 2 in the company hospital following a heart attack.

Wakefield, who lived in outlying Howland, originally started to work at Mullins in 1923.

Survivors include his wife, Dorothy; and a son, Max Raymond.

Swank To Join OSU Marketing Division

Chester Swank, Mahoning County extension agent, will begin work Thursday, Sept. 15 in the Ohio State University consumer marketing service division at Columbus.

Swank who has been conducting a consumer marketing survey in Mahoning County since last winter has been acting farm extension agent during the summer.

Small frys love this sweet: melt semi-sweet chocolate and stir in some raisins; drop onto waxed paper.

A daughter to Mr. and Mrs. Walter Hank of RD 4, Salem, Wednesday.
A daughter to Mr. and Mrs. Andrew Kelly of 871 N. Ellsworth Ave., Wednesday.

CENTRAL CLINIC

A son to Mr. and Mrs. Wilbur Hauter of RD 1, Hanoverton, Wednesday.

Brainwash

Continued From Page One

account of such a course at Stead Air Force Base outside Reno, Nev.

The Newsweek article, by its reporter Peter Wyden, told of trainees forced to spend hours in a dark hole, up to their shoulders in water, or in a "sweat box" where a man could neither stand, sit or lie down.

Trainees were served uncooked spinach and raw spaghetti and given frightening but harmless electric shocks, Wyden wrote, and they got rough verbal treatment:

"A major who let slip that he had only an eighth-grade education and a lieutenant whose membership card in Alcoholics Anonymous laid him open to ridicule about his weakness for alcohol, were hammered until they talked just to end their humiliation.

"A bachelor lieutenant, badgered until he became convinced he could not find a girl because his face had been deformed in a childhood accident, finally broke up in tears."

The Air Force declined comment on Wyden's account but said that if it is accurate some changes may be made at Stead. It summoned the base commander, Col. Burton E. McKenzie, to Washington to check on the story. Newsweek said it was accurate and had been cleared by the Pentagon.

Wyden wrote that "some 29,000 men have safely withstood the 17-day course" at Stead and that none of the trainees have formally complained of their tough treatment.

McKenzie, himself a prisoner in Germany in World War II, was quoted as saying the trainees "take it because they realize it's as important to them as life insurance."

In like vein, the Navy said recognition of the value of "E and E" training is growing — especially for its aviators, the men most likely to need skill in escape and evasion.

Truckers

Continued From Page One

have agreed to the amendment proposed by Ohio.

Michigan and Illinois officials say they will require visiting Ohio car and truck drivers to buy license tags for their states if reciprocity is ended. Oklahoma also has informed Ohio that truckers will need Sooner State licenses to enter that state

Ohio Would Retaliate

Attorneys say Ohio law would force it to retaliate if other states demand purchase of their tags.

A "wait and see" attitude has been adopted by Iowa, Delaware, Louisiana, Kentucky, Mississippi, Nebraska and North Carolina.

Ohio's adoption of the axle tax two years ago caused virtual cancellation of reciprocity agreements with four states — Georgia, Alabama, Florida and Missouri.

New Mexico officials say their contract with Ohio does not cover trucks.

Ohio asked exemption of the axle tax after a state supreme court decisin ordered refund of payments by Michigan truckers.

The high court held that a 1937 reciprocity treaty between Ohio and Michigan covered the tax.

The tax was enacted by the state Legislature to help finance Ohio's highway building program.

Governor Lausche said yesterday that the changes sought were only for the tax on trucks with more than two axles, and would not change other reciprocity arrangements.

"It will be tragic if the innocent passenger car operator is made the victim and the pawn through which the commercial truck operators seek to escape paying their fair share of the cost of building and maintaining our roads," he said.

Clarence A. Kelly, president of the Ohio Trucking Assn., said last night in a statement that truckers are willing to pay their share of road costs.

He said, "if, as they now state, the innocent passenger car owners will be victims and pawns, then they are so by the action of the reciprocity board and not by an action of commercial truck operators."

Kerr To Speak To Leetonia Kiwanis

LEETONIA — E. S. Kerr, superintendent of Salem schools, will talk on the prospective candidates for the Ohio Board of Education election at Monday's meeting of the Leetonia-Washingtonville Kiwanis Club at 6:10 p.m. in the Washingtonville Lutheran Church.

Twing Hiscox, Carl Vignon and Clark Marshall attended a recent meeting relative to public relations on agriculture called by Floyd Lower, Columbiana County agriculture agent.

Delegates attending the district convention at Dayton include Vignon, Rev. T. P. Laughner and Marshall.

COBB SUED FOR DIVORCE

RENO (AP) — Baseball great Ty Cobb, 68, was sued for divorce Wednesday for the second time this year by his wife Frances, 45.

She charged extreme mental cruelty, the same as she did Jan. 6. The first suit was dismissed Jan 17 after a reconciliation.

Drive Aims To Get Ike To Run Again

WASHINGTON (AP) — Republican State Chairman Samuel L. Bodine of New Jersey spearheaded today a drive aimed at forcing an early announcement by President Eisenhower whether he will run again in 1956.

Bodine said in an interview he will ask GOP state chairman attending a campaign school here to organize formally and sign a petition asking the President to seek a second term.

'I am recommending that the state chairmen organize independently of the party and take united action to make it clear to the President that the party needs him as a candidate," Bodine said. Eisenhower might thus be persuaded, he said, to announce his intentions "at once."

The 48 GOP state chairmen, attending a national committee school here on campaign tactics, will fly to Denver, Colo., at the conclusion of their classes for a Saturday morning breakfast with the President.

Murray Snyder, assistant White House press seeretary, said in Denver the President will have no announcement at that time on his future plans.

Strike

Continued From Page One

tugboat captain was greeted with wild cheering, applause and stomping of feet.

Bradley left the hall with Anthony (Tough Tony) Anastasia, an ILA vice president and boss of the Brooklyn section of the waterfront.

'If it's not settled in a few days I think even Liverpool, England will go out," Anastasia commented without further explanation.

"I pray to God to help us," Anastasia repeated several times.

Meyner refused to see Bradley Tuesday and stood behind the Waterfront Commission. Harriman last week declined to take part in formation of a "buffer committee" to operate in disputes between the ILA and the commission.

The union, fighting the two-member commission since its inception two years ago, charges the agency with harshness, harassment and interference with its avowed functions.

The New York Shipping Assn., which represents 170 shipping and stevedoring firms here, has obtained a State Supreme Court show-cause order directing the strikers to return to work. The order is returnable in court Friday.

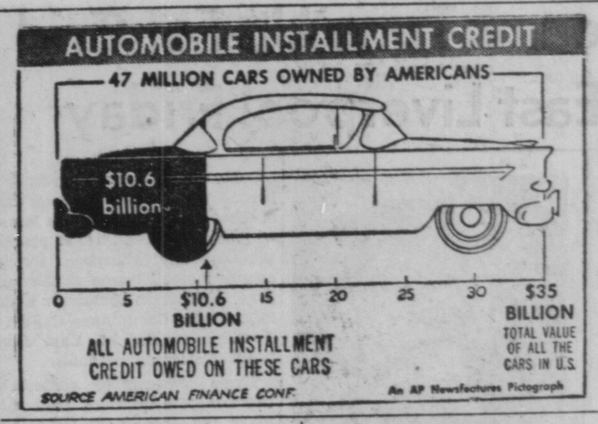

The employers also have begun a 10-million-dollar damage suit against the union. The union has had no dispute with the employers, and the walkout violates the current work contract.

The walkout has ignored an 18-month-old state court injunction banning a strike aimed at activities of the Waterfront Commission.

Bradley, asked how a local dispute with the Waterfront Commission could mean a coastwide strike, replied that the issues concern 'interference with the activities of the international union."

The ILA distributed among its members a "bill of particulars" against the commission. The handbill asked a 'more humane approach" by the commission toward men with criminal records, and urged the commission to 'admit" that the union and not the commission has control over hiring.

The commission has denied all allegations by the ILA.

Gunman Slain As He Held 4 Hostages

NEW YORK (AP)—A defiant ex-convict, who held four persons as hostages in a taxicab and challenged police to 'come and get me," was shot to death by a policeman in view of after-theater crowds just west of Rockefeller Center Wednesday night.

The gunman, who had a withered left leg, held off police for 10 minutes before he was killed.

He was identified through fingerprints as Peter Hatzis, 35, of Brooklyn, on parole for armed robbery and possessor of a long criminal record.

Hatzis had pulled a $741 holdup in a restaurant on 6th Avenue, and several employes and patrons followed him out.

Several policemen and an armed U. S: customs agent closed in on the fugitive in a 1½-block chase in which several shots were exchanged.

Lisbon Schools Lose 20 To United Local

LISBON — Village schools have enrolled a total of 1,347 pupils to date for the 1955-1956 school year, Supt. Loren Early said today.

Early said the enrollment figure is 66 more than last year's 1,281 pupils. A breakdown of the enrollment by grades, with the 1954 enrollment figures in parenthesis is as follows:

Kindergarten - 88 (82); First - 115 (101); Second - 95 (128); Third-137 (107); Fourth - 104 (73); Fifth-74 (81); Sixth - 85 (80); Seventh - 82 (84); Eighth - 82 (74); Ninth - 127 (147); Tenth - 130 (124); Eleventh - 119 (121); and Twelfth - 109 (79).

Early said 20 pupils are attending the new United Local School at New Garden.

Face Questioning In Mine Cable Theft

Three suspects, arrested by Roy Painter, Hanover Township constable, for stealing 400 pounds of cable and copper wire at Guilford mine at the intersection of Depot Rd. and Route 172, were scheduled to receive a hearing today before Clyde Knestrick, Hanoverton justice of the peace.

The suspects are Harry Watkins, 44, Nathaniel Daniel, 22, and Geraldine Caston, 30, all of Warren. They were arrested last night at 9:30 by Painter, assisted by Charles Guthrie of Hanoverton. They found the suspects' car loaded with the cable and wire, Painter said.

Park

Continued From Page One

Park Commissioners Donald Mathews, John Herman and Ward C. Zeller explained that their recommendation for the employment of a parks and recreation superintendent, a city post, was based on the facts that:

1 — In less than eight years the park acreage in Salem has doubled and the park facilities have increased to a point where there is now a need for an experienced parks and recreation leader.

2. — The new superintendent will be able to develop and coordinate the present recreational program.

3 — He also will be able to aid in the development of other park areas for a better park system.

4 —The move is felt to be long-overdue and will help to bring Salem to a rightful position in good parks and wholesome recreation.

6 County Teams Tune Up For Grid Preview In East Liverpool Friday

Last minute grid tuneups in preparation for the first real taste of hard-hitting action this season will be the bill-of-fare in practice sessions this afternoon for six county football teams as they prepare to usher in tomorrow night's first annual Columbiana County Football review at East Liverpool's Patterson Stadium.

Three abbreviated contests of two 8-minute quarters each will mark the opening of football action for East Liverpool, Wellsville, Lisbon, East Palestine, Leetonia and Salem.

Besides the football action, fans will be treated to musical and marching entertainment before and between the games.

Opening ceremonies will get underway at 7:45 with a drill by the East Liverpool VFW Post 66 drill team, that recently finished third in national competition.

Following flag-raising ceremonies at 8, Wellsville and Leetonia will clash in the first of the three games.

The Wellsville High School band, under the direction of Charles Greco, will perform for 10 minutes after the Wellsville - Leetonia game.

Salem and East Palestine will then meet in the second game at 8:45 p.m.

This contest will be followed by the performance of the East Liverpool High School 120-piece Twin Marching Band under the direction of Don Allen.

In the final grid contest East Liverpool will tangle with Lisbon.

All three games will be played under regulation high school rules. Officials for the game are Don McPhee, Mike Maro and Bob Walker, all of Youngstown.

The preview also will mark the debut of two new county coaches —Pat Mancuso at Leetonia and Bob Kelley at East Palestine.

Mancuso, a former Leetonia star, replaces Bob McNea as head mentor of the Bears, while Kelley replaces John Hogan at East Palestine.

Six players who were selected on the Columbiana County All - Star team last fall will also participate.

Bert Dorsey, 6-foot senior letterman end at East Liverpool, was a first team selection last year. Returning from the second team are quarterback Jim Potts and fullback Gene Bell of East Liverpool guards Jim Sevenich and Don Gabriel and halfback Leroy Bell, all of Leetonia.

The preview is sponsored by the East Liverpool Blue and White Nonpareil Club, with each participating school to share in the receipts.

Tickets in Salem are available at Fisher's News and Heddleston's Drugs and in Lisbon at Hamilton's and Morgan's drug stores. In Leetonia Roose's Drug Store will carry the ducats.

Reserved seats will sell for one dollar. Salem High School athletic director and faculty manager Fred Cope said students may purchase tickets for 35 cents at the high school. Patterson Stadium will seat about 7,000 fans.

Cope also said that season tickets for Salem games are still on sale at both downtown ticket outlets. Season ducats sell for $6.50 and are good for all seven Salem home games this season.

Yanks, Boston, Chicago Win

Ford Throws 2nd 1-Hitter In 6 Days

By ED WILKS
The Associated Press

It looks as if New York and Chicago, caught in a vise between Cleveland and Boston, are feeling most of the pressure in that tight American League race while the firstplace Indians and the robust Red Sox are playing 'em free and loose.

Cleveland, making a halfgame lead look big, rolled over Baltimore 6-0 Wednesday night as Early Wynn won his 200th major league victory and gave the Tribe seven triumphs in the last nine games. Boston blasted Detroit 7-4 for their sixth straight success.

The Yankees and White Sox got home safe to hold the pace, but they had a much tougher time of it. Whitey Ford spun his second one-hitter in six days, yet the second-place Yanks had to scrap to beat Kansas City 2-1. And Chicago, 1½ games behind Cleveland and the same margin ahead of fourth-place Boston, had a bad scare before edging Washington 4-3.

In the National League, Brooklyn whipped Milwaukee 3-1, giving the Dodgers no worse than a tie for the flag. One more victory by the Brooks, or another Milwaukee defeat, puts the pennant in Brooklyn.

Ford, who one-hit Washington last Friday, gave one of his six walks ahead of Jim Finigan's two out, ground-rule double in the seventh and after intentionally filling the bases, uncorked a wild pitch that left him in a 1-1 tie. The Yanks finally pulled it out when Arnie Portocarrero, who no-hit New York until the fifth, walked home the winning run in the ninth.

Boston's Frank Sullivan, who now shares the AL pitching lead with Ford, needed help to get his 17th. Ellis Kinder came on in the ninth after Sully gave up a two run homer to Frank House and a walk with none out. Kinder got Reno Bertoia to hit into a double play, then retired Bubb Phillips on the pop.

The Red Sox smacked over six runs in the first three frames off rookies Jim Bunning and Paul Foytack. Sammy White had a triple, double and single, good for two RBIs, in Boston's 12-hit attack.

Washington, trailing all the way, pushed over a run in the ninth on a walk and two singles off Jack Harshman, who had allowed just three hits 'til then. Millard Howell relieved and was tagged for a pinch single by Clint Courtney that drove in another run, but Jim Busby's perfect peg from center knocked off the potential tying run at third. Then Busby gathered in Eddie Yost's fly for the final out.

The Dodgers needed just five hits to put the Braves on the ropes. They scored their runs in the third off Lew Burdette on two singles, a walk, an error and Carl Furillo's double. Billy Loes spaced six hits. The Brooks can clinch the flag at Milwaukee today.

In the other games, Bob Friend tossed a one-hitter, striking out eight and walking none, as Pittsburg beat Chicago 2-0; New York walloped St.Louis 8-2 with winner Johnny Antonelli hitting one of three Giant home runs, and Cincinnati made the best of two errors to overhaul Philadelphia 6-3.

The only Cub hit off Friend, who won his 11th, was Frank Baumholtz's scratch single in the fourth.

COOLING OFF — Casey Stengel, caught in the middle of a searing American League pennant race, tries to cool off with an ice pack as his Yankees plunge into the stretch run.

UCLA, USC Appear Top Coast Squads

SAN FRANCISCO (AP) — Red Sanders is crying the blues, but if his UCLA Bruins fail to repeat as Pacific Coast Conference football champions this fall, the team that beats them is the likely successor.

Sanders lost nine of the 11 starters from last year's unbeaten squad, No. 2 nationally in The Associated Press poll, but has 23 lettermen back. The 1954 Bruins, winners of nine straight, were deprived of the Ros Bowl bid because of the "no repeater" rule. They're eligible — and eager — this fall.

Rated right behind UCLA s crosstown rival Southern California, the conference runnerup a year ago and 20-7 loser to national champion Ohio State in the Rose Bowl. The Trojans are loaded, too. The Nov. 19 game between what appear to be far and away the best teams on the coast probably will decide the PCC championship.

Two darkhorses — perhaps dappled gray is more apt — are Washington State and Stanford. The rest of the conference—Oregon, Oregon State, Washington, California and Orphan Idaho — likely will make up a five team "second dvision."

UCLA's graduation losses were heavy — the entire starting line and a pair of outstanding backs in Primo Villanueva and Terry DeBay — but Sanders has a wealth of material left.

Coach Jess Hill, in his fifth year at USC, is rich in reserves. He admits "I don't think we'll be outmanned." Hill lost tackles Ed Fouch and Mario Da Re and halfback Lindon Crow, but has adequate replacements including Jon Arnett, sparkling junior who averaged 6.2 yards at left half a year ago.

Quaker City League To Open Bowling Season

The Quaker City League will start the bowling season off Monday evening at Timberlanes.

The national section will bowl on the first shift at 6:45 p.m. The schedule for the first night will be:

National section — Sekely Tool versus Gonda Engineering Co.; Buckeye AC, Brian Real Estate; Knights of Pythias, Ellyson Plumbing; Goshen Grange, S & H Candy Co.; Bell Plumbing, Lease Drugstore; Smith Garage, United Tool and Die; Salem Williamson, First National Bank.

American section — E. W. Bliss Co. versus Salem Quaker Mules; Fisher Sports Wear, Sell's Service; Timberlanes, Salem Lumber Co.; Gordon Leather, Eagles; Dairy Vale, Meissner Sunoco; Mullins Mfg. Corp., Penn Grill; Julian Electric, Bricker & Bricker.

Hack To Manage Cubs Again Next Season

CHICAGO (AP) —Stan Hack, who has been with the Chicago Cub organization since 1932, has been signed for another year to manage the club.

Hack, who concluded his playing career in 1947 and then went into the Cub farm system to gain managerial experience, succeded Phil Cavarretta as pilot in March of 1954. Last season his Cubs finished seventh with a 64-90 record. Currently, they are in sixth place with 67-75.

Terms of Hack's 1956 contract were not revealed, but it was indicated he received a raise and his salary was around $25,000.

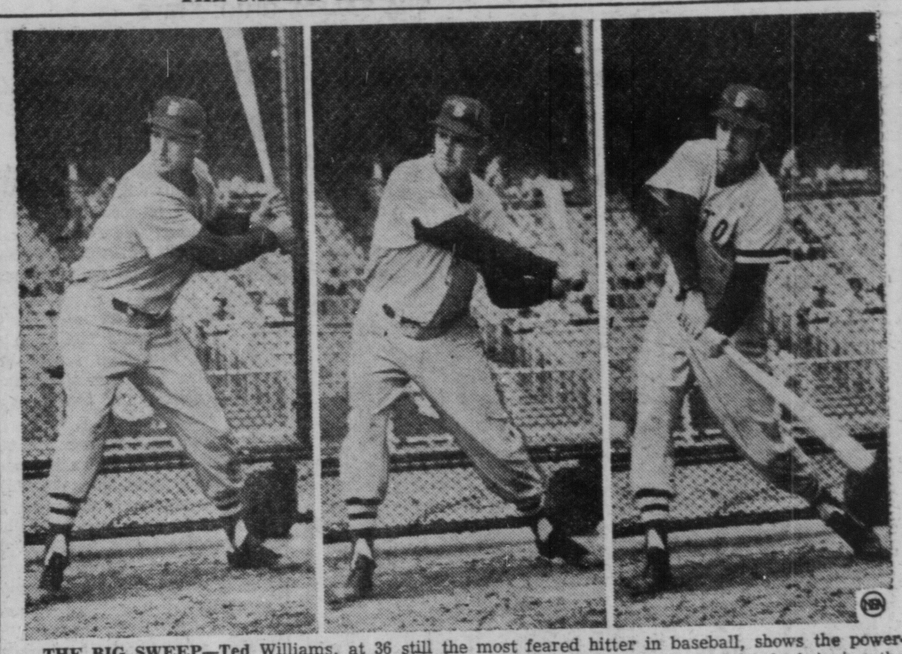

4-H Softball League Winners To Meet

LISBON — The Fairmount Rustling Ramblers and the Country Gentlemen, Class A League winners in the Columbiana County 4-H softball league, will play for the loop championship Saturday at 2 p.m. at the Elkton School field, Richard Shaffner, softball director, said today.

Shaffner said that in case of rain the playoff game will be held a week from Saturday. A trophy will be presented to the winner.

Fairmount, managed by Don Woodburn of RD 1, Rogers, wound up with a 6-1 record, while the Country Gentlemen, managed by Bill Carter of RD 1, Salineville, finished with a 6-0 record.

At the meeting of the softball committee Tuesday night in the county extension office, members voted to give sportsmanship trophies to all B teams. The league wound up its regular season the week of Aug. 15.

THE BIG SWEEP—Ted Williams, at 36 still the most feared hitter in baseball, shows the powerful swing which keeps pitchers worried. The Red Sox swatter snaps his wrists viciously bringing the lumber around.

Steelers Get Marion Motley

Send Modzelewski To Browns In Trade

OLEAN, N. Y. (AP) —The Pittsburgh Steelers have acquired fullback Marion Motley of the Cleveland Browns in a straight swap for fullback Ed (Mighty Mo) Modzelewski.

Motley, an unknown college player who became one of pro football's outstanding performers, suffered several injuries in recent years and had become the Brown's second string fullback and was at times assigned to the defensive unit.

Modzelewski was the Steelers' No. 1 draft choice after he graduated from Maryland in 1951 and played one season before entering the armed services.

"Marion is in good shape and I suppose that Pittsburgh wanted someone of his size," said Coach Paul Brown in Cleveland. "Apparently Modzelewski hasn't been impressive, but we want a look at him."

Cadets 'Blast Off' For Grid Drills

DENVER (AP) —The Air Force Academy football team is a reality today — pumped full of life by 77 husky cadets who suited up Wednesday for the first drill.

And on the first day the Cadets started building a tradition of their own. They don't "start," "begin," or "open" practice like most football teams do. They "blasted off."

As Col. Robert V. Whitlow, head coach and director of athletics, explained: "We're going to develop our own Air Force lingo."

Opposing players won't be tackled. "We'll shoot 'em down," Whitlow said. The "take off" position for the air force players is when they are lined up ready to start a play. Football teams refer to "charging" when they start a play. But the air Cadets "blast off" — like jet planes taking off.

Helping Whitlow develop the team for an eight-game schedule this fall against regional college freshmen teams is Lawrence T. (Buck) Shaw, former coach of the San Francisco 49ers football team.

Michigan May Dethrone OSU For Big 10 Championship

(Jerry Liska, Associated Press midwest sports editor, is makng an airplane tour of Big Ten football camps. Following is another in his series previewing the coming season).

By JERRY LISKA

NN ARBOR, Mich (AP) — Ron Kramer, heralded as the best end in the country, fine running power and an array of 24 lettermen may enable Michigan to dethrone Ohio State as Big Ten football champion this season.

Even coach Bennie Oosterbaan concedes that if the Wolverines can develop a good passer to hit Kramer and another 220 - pound wing star, Tom Maentz, Michigan will have a "good team."

That puts quarterback Jim Maddock, a 1954 signal-calling 'find," pretty much on the spot. Michigan's mixture of T formation and single wing calls for running halfbacks to pass, but the aerial burden will fall on Maddock, 190-pound junior from Chicago.

Maddock complete 16 of 35 passes last season when he first won his spurs with a touchdown pass to Kramer in a 14-13 victory over Iowa. That Maddock - to - Kramer combination ostensibly is the key to Michigan's first Big Ten crown since 1950.

The early pickers have wasted little time naming Kramer, considered the peer of Oosterbaan as an all-time Michigan end great, a cinch All-America and the Wolverines as strong heirs apparent to Ohio State's title.

Oosterbaan takes the favorite's role nonchalantly while, at the same time, conceding Michigan "has as good a chance as any team in the league."

"How far we can go this season depends on tangible factors, which appear favorable, but far more important, on intangible factors, namely morale," said Oosterbaan.

"We really won't know how good we are until after we get a game or two under our belts."

The Wolverines will play seven of their nine 1955 games at Ann Arbor, including the first four — against Missouri, Michigan State, Army and Northwestern.

Wolverine coaches speak of the tremendously agile and aggressive Kramer in only superlative terms.

'He can catch that pass anywhere if it's close to him," said Oosterbaan, himself one of the greatest receivers in the game's history. "But h is equally as great as a defensive end."

Kramer last season caught 23 passes, kicked 14 of 15 extra points, and led conference punters with a 41.4 average.

The tackle spots are Michigan's only questionable positions. Dave Owen, 216-pound soph, and senior Bill Kolesar, 221, may be starters, but Bennie will pick the first two "good fighters" he can find.

Guard play should be excellent with Capt. Ed Meads and Dick Hill as the No. 1 pair of a talented quartet. Center is well fortified with veteran Jim Bates backed by Jerry Goebel and soph Bill MacPhee.

Seasoned "handyman" Lou Baldacci is No. 1 fullback and also can spell Maddock at quarterback. but not before a promising soph, Jim Van Pelt, gets a passing chance.

Tony Branoff, a wingback is another "bread-and-butter" back, while Terry Barr gets first call at tailback.

(Next: Ohio State)

Hayes Predicts Buckeyes To Have Fine Team

COLUMBUS, Ohio (AP) — Ohio State's Buckeyes go through their second football scrimmage of the season today and Coach Woody Hayes predicts, ". . . we'll have a mighty fine football team."

Hayes, speaking at the kickoff dinner of the Agonis Club here last night said, "we won't be as big as last year, but we feel we have the boys who can get the job done."

The coach said of returning All-America halfback Howard Cassady, "he probably won't carry the ball any more than last year. Hop's value lies in his element of surprise."

Indians Whip Orioles 6-0, Retain American League Lead

Wynn Captures 200th Victory

Doby Hits 2 Homers To Lead Tribe Attack

CLEVELAND (AP) — Early Wynn pitched himself a chunk of baseball history last night by chalking up his 200th major league victory, the second active hurler to reach that mark.

Another Cleveland Indian, Bob Feller, holds the record with 266.

Wynn—at 35, a year younger than Feller—handed the Baltimore Orioles a 6-0 defeat as the Tribe hung onto first place in the American League pennant race by half a game over the New York Yankees.

Backing up Wynn's pitching was Larry Doby, who swatted two home runs and drove in four runs.

The triumph was Wynn's 128th for the Indians, whom he joined in 1949. He registered 72 victories for the Washington Nationals, with whom he played for 10 years earlier. He has a record of 159 defeats in the majors.

It was his 16th victory of the season—against nine defeats — his sixth shutout, and his third shutout over the Orioles. He yielded three walks and five hits—one of them a sixth-inning triple by Dave Pope, the only Oriole to get past first.

The loser was Skinny Brown, who held the Indians hitless in eight innings as a reliefer last week.

Cleveland gained two runs in the first when Bron walked the leadoff batter, Al Smith, who scored on singles by Bobby Young and Gene Woodling. A wild pitch sent Young in.

Doby's 24th homer of the season came in the fifth, and he belted his 25th , with two men aboard in the ninth inning. Ray Moore was on the mound for Doby's first circuit clout and Eddie Lopat was there for the second.

On base for the ninth-inning blow ere Smith, via a walk, and Young, who had singled off Moore. Lopat entered the game and retired Woodling, and Doby came up next.

Young started four double plays —in the first, fourth, fifth and eighth innings—all but one of which came immediately after a Baltimore hit.

Art Houtteman will start the Tribe's last game in Baltimore today

Manager Al Lopez is mum about his pitching choices for the Boston and New York series. He said:

'I changed my mind too often. Might as well announce "em from day to day."

AMERICAN LEAGUE PENNANT RACE AT A GLANCE

Playoff Games Won By Gray, Eljer, Homeworth

Softball action last night saw Grays Sports stay in the running as they tied the playoff series with Paul and Joe at one game each by beating them in a marathon game, 9-6, and Eljer eased to an easy win over Bliss, 6-1. Homeworth's girls team went on a hitting splurge to down Logues, 18-8.

In a game that went 12 innings before a three-run outburst by Grays in the top of the twelfth clinched the victory, the Grays team evened their series with their opponents at one game apiece.

The three-run twelfth for Grays was highlighted by a hit by Braidic, a triple by Patterson, a walk to Sucaciu and a hit by Rhodes.

Grays had gone ahead 6-5 in the top of the eleventh inning but the Paul and Joe team came right back with a run in their half of the inning on a home run by Carmelo.

Roelen had three hits for Paul and Joe, while Patterson, Rhodes and Cobbs paced Grays with two hits apiece.

Eljer used two three-run innings to down Bliss and also even their playoff series up at one game apiece.

Bliss got their lone run of the game in the first inning on a walk to Ehrhart, a sacrifice and a single by Perkins. Eljer pushed across three runs in the third inning on a hit by Guiler, two Bliss errors and a hit by H. Miller.

They came back with three insurance runs in the seventh inning when Dickey singled and Stoffer and H. Miller smashed back to back doubles.

W. Miller had eight strike outs as he took the win. Dillinger received credit for the loss. Bliss committed five errors.

The Homeworth girl's team collected a total of 19 hits and 18 runs in their game with Logues and moved into the playoff finals.

Homeworth took an early lead with two runs in the second inning and were never headed by Logues as they pushed across three runs in the third, five in the fourth, six in the fifth and two more in the sixth. Logues rallied for four runs in the sixth but they could not overtake Hmewrth's early lead.

Elaine Wagner sparked the powerful Homeworth attack with four hits including a home run. Peg McQuilkin and Mary Dysle also blasted home runs for Homeworth. May and Donna Stoffer led the Logues attack with three hits apiece.

TONIGHT'S SCHEDULE

6:00 Georgetown - Homeworth (1st game of a series of 3 for Championship)

7:15 Bliss-Eljer (Series stands at 1-1)

8:30 Demings Industrial League team will play an opponent yet to be announced.

UCLA Picked As Grid Champs

Oklahoma, Michigan Close In 2nd, 3rd

By The Associated Press

UCLA, the team the experts decided was only second best last fall, is the preseason pick for the 1955 national championship of college football

But the Uclans, defending champions of the Pacific Coast Conference, barely gained the most-likely-to-succeed billing in a three-way voting scrap with Oklahoma and Michigan in The Associated Press' annual preseason balloting.

Sports writers and broadcasters of the nation gave Coach Red Sanders' Bruins a mere 53-point margin over Oklahoma. UCLA, gathering 10 points for a first-place ballot, 9 for second, 8 for third, etc., totaled 1,054. Oklahoma had 1,001.

But Michigan, generally picked to succeed last year's national champion Ohio State as the ruler of the Big Ten, passed both UCLA and Oklahoma in first-place votes. The Wolverines were accorded the No. 1 spot on 34 of the 135 ballots cast. UCLA had 33, Oklahoma 32.

Michigan, however, totaled only 870 points in the combined tally and settled for third place in the preseason rankings.

The final '54 ballot listed Ohio State, UCLA, Oklahoma, Notre Dame, Navy, Mississippi, Army, Maryland, Wisconsin and Arkansas.

The results of this year's preseason poll (first-place votes in parentheses):

1. UCLA (33)	1,054
2. Oklahoma (32)	1,001
3. Michigan (34)	870
4. Ohio State (9)	636
5. Maryland (8)	595
6. Notre Dame (2)	529
7. Army	333
8. Navy (1)	329
9 Miami (Fla.) (5)	327
10. Georgia Tech (1)	319
11. Rice	270
12. Iowa (4)	234
13. Southern Cal. (2)	152
14. Wisconsin	150
15. Mississippi	128
16. Southern Methodist	93
17. Auburn	56
18. Duke (1)	48
19. West Virginia (1)	45
20 Purdue (1)	37

Waitress Sues Player For Support Of Child

LOS ANGELES (AP) — A former Chicago waitress, Miss Betty Elma Brown, 21, has sued Chicago Cubs' second baseman Gene Baker for support of a child born out of wedlock.

The suit was filed in Los Angeles Wednesday for transfer to Illinois for prosecution under a reciprocal act passed by California and Illinois.

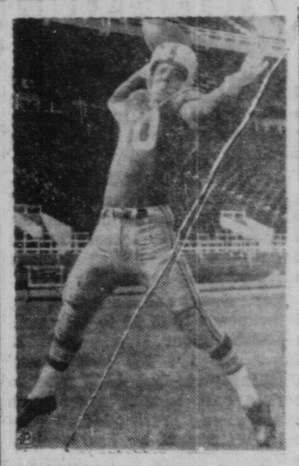

Miss Brown stated that Baker has contributed only $365 toward support of the child, Donald, born last Jan. 10, although his salary is $12,000 a year. She said she will need $375 a month. Baker formerly played for Los Angeles of the Pacific Coast League.

Sam Snead Favored In Cavalcade Of Golf

SCOTCH PLAINS, N. J. (AP) — Sam Snead held his usual favorite's role today as the $50,000 Cavalcade of Golf tournament began its 72-hole run at the Shackamaxon Country Club.

Approximately 160 players were in the running with $10,000 waiting for the winner. The runnerup gets $5,000, third place $3,000.

National open champion Jack Fleck is among Snead's challengers. So are PGA champion Doug Ford, Cary Middlecoff, Art Wall, Gene Littler, Ed Furgol, Ed Oliver, Jackie Burke and George Bayer.

LIMBERING UP — Howard "Hopalong" Cassady, Ohio State's famed halfback of last season, limbers up during start of fall drill at Columbus.

Basilio Edges Gil Turner On Split Decision

SYRACUSE, N. Y. (AP) —Welterweight champion Carmen Basilio narrowly edged out a split decision over Gil Turner, the young Philadelphia Negro, in their 10 - round, non-title fight Wednesday night.

One of Carmen's managers, Johnny DeJohn, listed Turner as a possible opponent in Basilio's next outing — probably in November — in defense of his 147-pound crown. Other possible opponents he mentioned are Johnny Saxton, former welter titleholder who lost it to Tony DeMarco; DeMarco, whom Basilio dethroned June 10, and Chico Vejar, fast-rising middle contender.

Turner, who weighed 151 to Basilo's 150¾, said he was ready to tackle Carmen with the title at stake.

Basilio suffered an eye cut that required stitches from Turner's persistent jabbing in the early rounds. The fight was a bruising battle. Carmen seldom appeared hurt by Turner's punches and he was consistently doing damage to Turner's midsection. But Gil kept recovering and made it touch and go.

Referee Ruby Goldstein scored it 5-3-2 Basilio, judge Ted Sheils called it 7-2-1 Basilio and judge Dick Albino made it even at five apiece. The Associated Press gave it to Baslio 5-4-1.

Dodgers May Break Pennant Record

MILWAUKEE (AP) —The Brooklyn Dodgers can clinch the National League pennant today on the earliest date in the 79-year history of the senior circuit.

A victory over second place Milwaukee Braves would raise the flag over the Dodgers' Ebbets Field and fracture a record of their own making.

Two years ago — in Milwaukee, ironically enough — the Dodgers made the 1953 flag a mathematical certainty on Sept. 12.

The earliest pennant - clinching date in the majors is Sept. 4, set in 1941 by the New York Yankees.

OUT OF DOORS with Field & Stream

By R. L. LIDE

Catfish are beginning to bite at Guilford Lake and the best time to fish for them is from sundown until sunrise if you care to fish all night.

Ralph Hrovatic of Salem, fishing for carp with doughballs, tied on to a 12½ pound channel cat that measured 26 inches. This is the largest channel cat I have heard of being caught this year.

Mosie Stuart and his wife caught 24 bullheads from 12 to 15½ inches, using night crawlers. A. E. Ward landed a 3½ pound bass, 17 inch. Ward has been after a certain bass hanging around one of the sunken brush piles all summer. Ward said he has made a few feeble passes at his offerings but this bass is educated and he intends to fool him sooner or later.

-:-

LITTLE BEAVER CREEK is in excellent condition for fishing and with the coming of cooler weather the bass should become active. Leeches and helgramites are the best bait.

Large and smallmouth bass inhabit the waters. Best results are obtained fishing up or downstream away from the bridges. You must be prepared for some rugged going in order to get back in where fishing is best. A lot of fishermen spend most of their time in spots easy to get to.

-:-

A SPCIAL SQUIRREL hunting season, on an experimental basis, is now under way in 9 state public hunting areas. The season opened Sept. 1 and extends until Oct. 31 inclusive. The nearest public hunting area in this vicinity is Brush Creek State Public Hunting Area in nearby Jefferson County, just below Salineville.

A lot of hunters do not know how to get there. The best direction I can offer is to go to Salineville and take Rt. 164 to Monroeville and follow the signs.

One Sebring hunter told me he saw 11 gray squirrels and bagged two last Saturday. It is advisable to follow rules and regulations to the letter. All squirrels taken on this area must be tagged for transportation to prove where they were taken. You should stop in at the checking station on the area for instructions in order to play it safe.

-:-

IN THIS COUNTY and the rest of the state, squirrel season comes in Sept. 15 and ends Oct. 15, inclusive. Squirrels may be taken from daylight until dark. The bag limit is 4 and not more than 4 in possession at any time. I cannot say how the squirrel population is at this time. One thing I know, there is plenty of mast for the squirrels so there will be no food shortage.

Rail and gallinule season is now in and they may be taken until Oct. 29. Does anyone know where there are any rail and gallinule in this county? I don't, although I see a little Virginia rail cross the road occasionally, not much larger than a sparrow.

Woodcocks may be taken from Oct. 1 to Nov. 9, inclusive. These slow flying birds with the fast wing movement, are here today and gone tomorrow. If you happen to run in on them at the right spot it is a lot of fun to hunt them. Invariably, they make a nose dive for the ground about the time you draw a bead on them.

The hard thing to do is find the spots they visit on their southward migration. They usually move on in about three days although another flight might come in in the meantime.

-:-

RABBITS AND RACCOON are fairly plentiful in this county. Raccoon are beginning to cause trouble eating the farmers corn. Complaints about raccoon and beavers are coming in regularly.

I hope the price of raccon pelts will go up to make it worth while to skin one out. Eventually something will have to be done about the beavers. It is impossible to keep them under control by live trapping.

Ford Heads For 20 He's Great Pitcher

NEW YORK (AP)—Whitey Ford has hurled two one-hit games for the New York Yankees in six days and is headed for a 20-game winning season but he refuses to let anybody even suggest he is a great pitcher.

"I won't consider myself a great pitcher until I have a season without a rut," said the 26-year-old southpaw after he had beaten the Kansas City Athletics 2-1 with Jim Finigan's double the only hit. Last Friday he checked the Washington Senators on one hit—a single by Carlos Paula.

Whitey, a 5-10, 175-pound native of New York, considers the Phillies Robin Roberts great.

"He's in there year after year winning 20 or more games," said Whitey. "That's what it takes to be a great pitcher. Take myself this year. I started out okay but then went into periodic slumps. That is not a sign of greatness."

But for those ruts, Ford might well be in the 20-game class himself. He has won 17, good enough to tie Boston's Frank Sullivan for the lead in the American League. He has dropped six. Ford's best year was in 1953 when, after returning from the service he posted an 18-6 record. Last year he was 16-8.

U.S. Ryder Cup Team Selected

CHICAGO (AP)—The United States 10-man Ryder Cup golf team has been chosen and will meet an invading British squad Nov. 5 and 6 at Palm Sprngs, Calif.

Making up the U.S. team named by the PGA Wednesday are Chick Harbert, Doug Ford, Cary Middlecoff, Tommy Bolt, Ted Kroll, Jerry Barber, Sam Snead, Jack Burke, Jr., Marty Furgol and Chandler Harper.

Harbert and Ford were automatic selections because of their 1954 and 1955 victories, respectively, in the national PGA tourney.

The U. S. won 6½ to 5½ in the last Ryder Cup matches, in Wentworth, England, two years ago.

Barons Announce 8 Exhibition Games..

CLEVELAND (AP)—The Cleveland Barons' American Hockey League club announced an eight-game exhibition schedule today.

The Barons, who will train at St. Thomas, Ont., will face National Hockey League teams five times during the exhibition season. The schedule:

Chicago at St. Thomas, Sept. 24; Pitsburgh at St. Thomas Sept. 26, Chicago at Welland, Ont., Sept. 27; Toronto at St. Thomas, Sept. 29, Toronto at St. Catherine's, Ont., Oct. 1; Detroit at St. Thomas, Oct. 4; Chatham at Chatham, Oct. 5; Pittsburgh a Niagara, Ont., Oct. 6.

Bartzen To Meet Seixas In National

FOREST HILLS, N. Y. (AP) — Bernard Bartzen, a muscular ex-army sergeant from San Angelo, Tex., entered the National Tennis tournament against doctor's orders, meets defending champion Vic Seixas in one of the two quarter-final round matches scheduled for today.

It would be too much to expect him to beat Seixas — especially after suffering a case of shin splints (a muscular ailment of the legs) and laying off a month. But he'll be heard from in future months.

"I think the cold weather in Europe caused my troubles," said Bartzen, who has sailed through four opponents with the loss of just 21 games. He hasn't dropped a set.

Today's other quarter - final pits Davis cupper Hamilton Richardson against Australia's Ken Rosewall, co-favorite with Tony Trabert for the title. It would be a mighty upset, indeed, if Richardson won.

Four other quarter-final spots were filled Wednesday and only one could be regarded as an upset. Herb Flam, an ex-gob from Beverly Hills, Calif., up held Rex Hartwig No. 3 man on th Australian Davis Cup team, 6-4, 6-2, 6-2.

Trabert polished off Enrique Morea of Argentina, 6-3, 6-1, 6-3. Australia's Lew Hoad toyed with Art Larsen of San Leandro, Calif., 6-2 6-4, 6-2 and Sam Giammalva of Huston, Tex., stopped Sid Schwartz of Long Beach, N. Y., 6-3, 6-2, 2-6, 6-4.

In the women's division 21-year-old Belmar Gunderson a shy bespectacled University of North Carolina senior, eliminated Louise Brough, the Wimbledon champion, in the third round, 6-4, 6-3. Only last month, Miss Brough, who was seeded No. 2, shut out Miss Gunderson in love sets.

Home Dressed Meats Always

When buying meat at our market and you want to freeze some of your meat, just tell us what to freeze. We will be glad to wrap it for freezing, so when you arrive home all you have to do is place it in your freezer. In fact, more people are doing that instead of buying meat by the quarter or side, and getting cuts of meat they do not like. In fact you save no money after you stand a 20% waste in cutting up the meat. That means for every 100 pounds of unprocessed meat you buy, 20 pounds you never get.

News of the World in Pictures

A GOOD SCOUT—Mamoru Shigemitsu, Japan's foreign minister, poses for Seiji Horie (right), a Japanese Boy Scout, on arrival at the United Nations building for luncheon.

A CLASSIC ROLE—Jeannie Carson arrives in New York for rehearsals and 15-city personal appearances on behalf of the title role in the immortal children's classic, "Heidi."

AN UNLUCKY ROLL—The rider aboard this horse had better watch his step or he'll be pinned to the ground. His mount finally got him off his back at Helena, Mont., rodeo.

MARKET IS BULLISH—Juanita Aparicio probably doesn't count sheep in her sleep — she counts bulls. She has 120 bullfights to her credit at the age of 20. This Mexican girl grew up in the bull ring. She is stepping aside just before the kill in Mexico City.

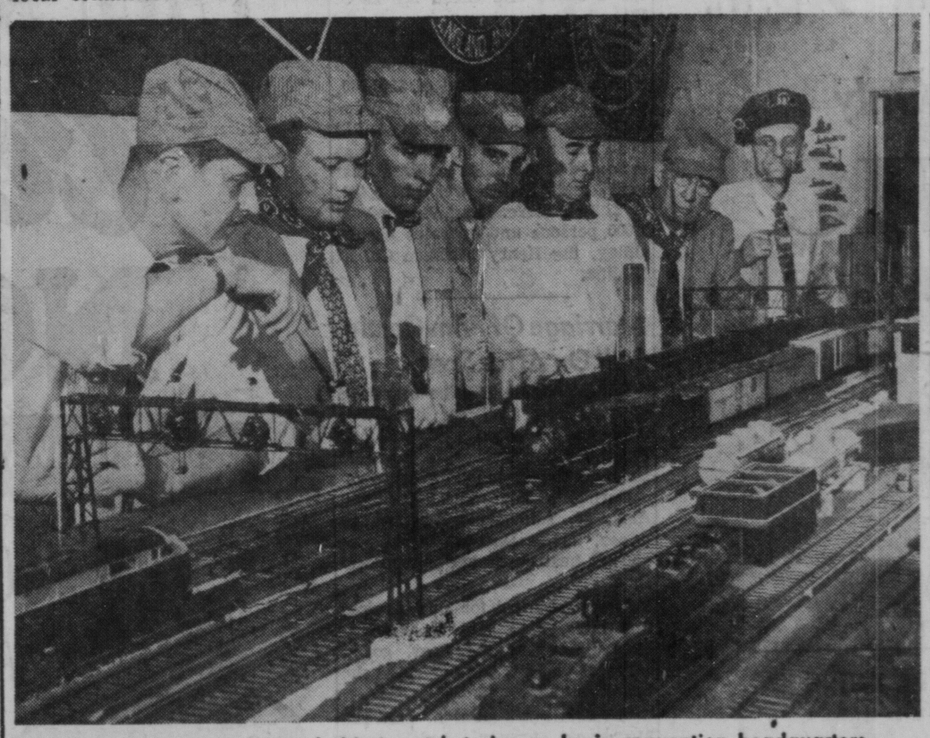

CANINE CRITICS—Pit bull terriers and one English bull attend a screening of "The Bar Sinister," famous story about a fighting Bowery dog which became a blue ribbon champ. Screening was held in New York with dogs as critics. It's rated at four woofs.

TUXEDO FUNCTION—Rising film star James Dean, who has been called a carbon of Marlon Brando, talks with Ursula Andrews at Hollywood nightclub. This is believed to be the first time Dean, a member of the torn undershirt school of acting, wore a tux.

MODEL BUILDERS ENJOY FULL SCALE TREAT

ASK ANY MODEL TRAIN BUILDER if he wants to see a real railroad in action and he'll put a streamliner to shame in making tracks down to the station. Such a chance came to the National Model Railroad Association, the industry's biggest boosters, at a recent convention in Baltimore. The hobbyists, numbering several thousand from 30 states, spent a day in the railroad yards of the Baltimore and Ohio line at the invitation of a local committee of the Eastern Railroad Presidents conference. Along with live models (female variety), the hobbyists took a closeup view at a couple of historic pieces of equipment, the "Lafayette" locomotive and an "Imlay" coach characteristic of the 1830s when the railroads were born. The small "Lafayette" contrasted sharply with the line's streamliner, the "Ambassador." They concluded their tour at yards of the Canton railroad. They nostalgically rode the last steam locomotive in regular service in the Baltimore area, threw man-sized switches and then coupled cars.

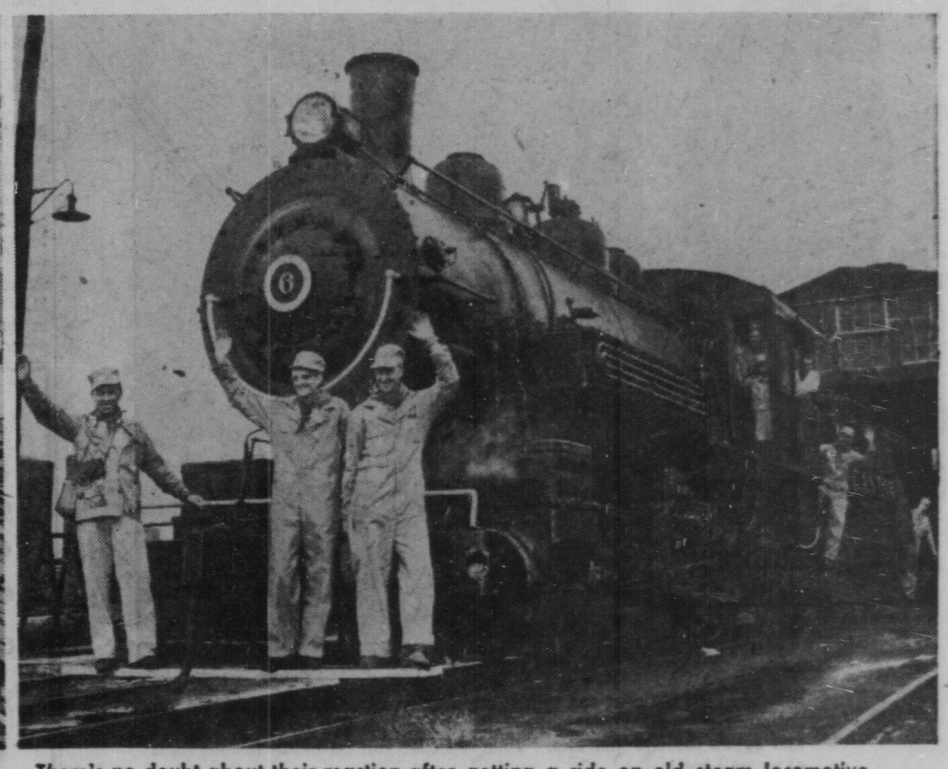

Model railroaders in native habitat watch trains go by in convention headquarters.

Precariously, Mary Tamburo climbs into "Imlay" coach.

They're riding the "Lafayette" locomotive of 1837 era.

There's no doubt about their reaction after getting a ride on old steam locomotive.

King Features Syndicate

Demand For Steel, Copper High; U.S. To Set Production Records

NEW YORK (AP) — America is getting back to work this week—after a busier than usual summer—with a number of production records likely to topple.

The American Iron & Steel Institute says the nation's mills are set to turn out the biggest tonnage of any week since June. And consumers are pressing so hard for more steel that some mills are opening their books now to orders for 1956 deliveries.

The demand for copper is so high—due both to the industrial boom and to world-wide shortages caused by past strikes—that three groups of users have appealed to President Eisenhower to use emergency powers to release 100,000 tons from the nation's strategic stockpile.

The groups are the Copper and Brass Warehouse Assn., the Copper and Brass Research Assn., and the wire and cable section of the National Electrical Manufacturers Assn.

They contend that unless the metal is released many brass mills will have to close. The 100,000 tons were bought from Chile when that country's economy was hard pressed.

The demand for zinc by the steel and auto industries is so good that the producers are raising the price of the metal — for the third time this year. It will now cost 13 cents a pound. Buying of zinc for the government stockpile has helped tighten supplies.

All of this activity in the heavy industries as a boon to the railroads. First reports of August business show many of them well ahead of last summer. This is on top of good business most of this year.

The Assn. of American Railroads estimates the net income of 126 class I roads in the first seven months totaled 490 million dollars, a striking gain over the 283 million reported in the like 1954 period.

And the goods that the factories have been turning out and the railroads, trucks and barges have been transporting have been selling. Merchants report consumer buying still high. Back-to-school business has helped raise department store sales above totals reported a year ago. Merchants predict that this year's Christmas trade will set new records.

Auto dealers report car sales unusually high for this time of year—but admit they are having to push hard to move the big inventories of 1955 models before the new models flood down upon them in comng weeks. Dealers expect 1955 sales totals to set new records. Counting on heavy buying of the new models in the final weeks of the year.

American factories are having good luck this year in selling their goods abroad. The Commerce Department reports that in the first seven months of the year Americans shipped 10 per cent more commercial goods abroad than in the like period of 1954. The total topped eight billion dollars. The government's military aid shipments brought total exports to nearly nine billion dollars.

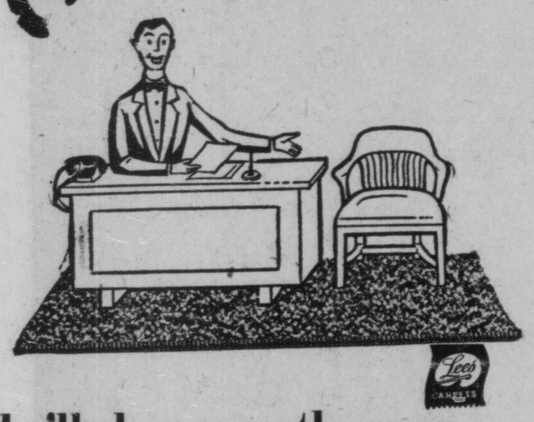

The chief soft spot in the economy, however, is growing a little softer right now. That is farm cash income. Prospects are for further weakening of prices of farm products as the big movement of field crops and livestock to market rises toward its peak. Near record crops are moving in on top of huge government-held surpluses.

Weakness in farm commodity prices offsets the rise in industrial material prices on the consumer's budget. And America enters the fall season with the cost of living still holding fairly level.

Rhodes To Lead Pan-Am Games

DETROIT, Mich. (AP) — Ohio's state auditor, James A. Rhodes, today was appointed executive coordinator for the Pan - American Games to be held in Cleveland in August 1959.

Douglas F. Roby, president of the Pan-American Sports Congress with offices here, said Rhodes' appointment "is the first step in establishing effective liason" between game and city officials.

Rhodes, a past president of the National Amateur Athletic Union, was one of the original founders of the Pan - American Games at London in 1948.

Rhodes promised immediate action in accepting the appointment. He said this is the first time the games will be held in the United States and "We must make certain they will be an outstanding success."

There are 29 nations represented in the Pan American Sports Congress.

BILLION-A-YEAR BUSINESS

COLUMBUS, Ohio (AP)—For the frist time in history, Ohio has become a billion dollar a year institution in revenues, state Treasurer Roger W. Tracy announced. He said yesterday that Ohio operating revenues totaled $1,019,740,516 for fiscal 1955, while expenditures for the fiscal year ended last June 30 amounted to $994,774,021. He said treasury balance at year end was $262,915,763, a 10.5 per cent increase over the previous year. The figures came from his annual report.

England's George III had 15 children.

C. A. Olson Co. Sold To Westinghouse

ELYRIA, Ohio (AP)—Stockholders of the C. A. Olsen Manufacturing Co. yesterday approved sale of the heating and air conditioning company to Westinghouse Electric Co. for about $14,075,000.

The purchase will be effected by exchanging one share of Westinghouse common stock for three shares of Olsen stock. Westinghouse stock was sold yesterday for $67 a share and Olsen for about $21.

Clarence A. Olsen, Clevelander who founded the company in 1940 with a working capital of $150,000, will become president of the Westinghouse subsidiary which will bear his name. The firm's sales exceeded 18 million dollars last year, and income was $1,135,489, or $1.95 a share. It employs nearly 1,000 persons and operates a subsidiay, the Henry Furnace Co. at Medina.

Marriage Of Film Comic Still On After Spat

HOLLYWOOD (AP)—The marriage of stuttering film comic Roscoe Ates was on again today, despite the premature showering of an old shoe on the intended bridegroom.

During a spat Tuesday night, Ates, 60, said his red-haired fiancee, Sandy Reeves, flayed him on the head with her spiked-heel shoe.

After treatment for cuts, bruises and bites, Ates said he wrestled Miss Reeves to the floor, got a 'scissors hold" on her but she began biting.

"I didn't get a scratch,' said the 21-year-old former model from Houston, Tex.

Ates, who sheriff's deputies said refused to sign a complaint, Wednesday kissed and made up with Miss Reeves.

2 MORE HAVE OLIO

CLEVELAND (AP) — City health authorities reported two new polio cases in the Cleveland area yesterday, bringing the area's total for the year to 162. The new cases were that of a 25-year-old Sandusky woman and a Cleveland boy, 11. One case, previously included in the area's total, was later diagnosed as a non-polio case.

TIMBERLANES

544 EAST PERSHING STREET SALEM, OHIO

(Formerly the Site of Fitzpatrick Motor Co.)

Open for Inspection Only

Friday, Sept. 9th at 7 p.m.

Formal Opening

Saturday, Sept. 10th at 5 p.m.

A short program, beginning at 8:00 P. M., will highlight this formal opening, to be followed by a three-game bowling match, featuring the highest average lady bowler and man bowler from our own leagues in the 1954 season, and a top notch lady bowler and high scoring man bowler from Cleveland.

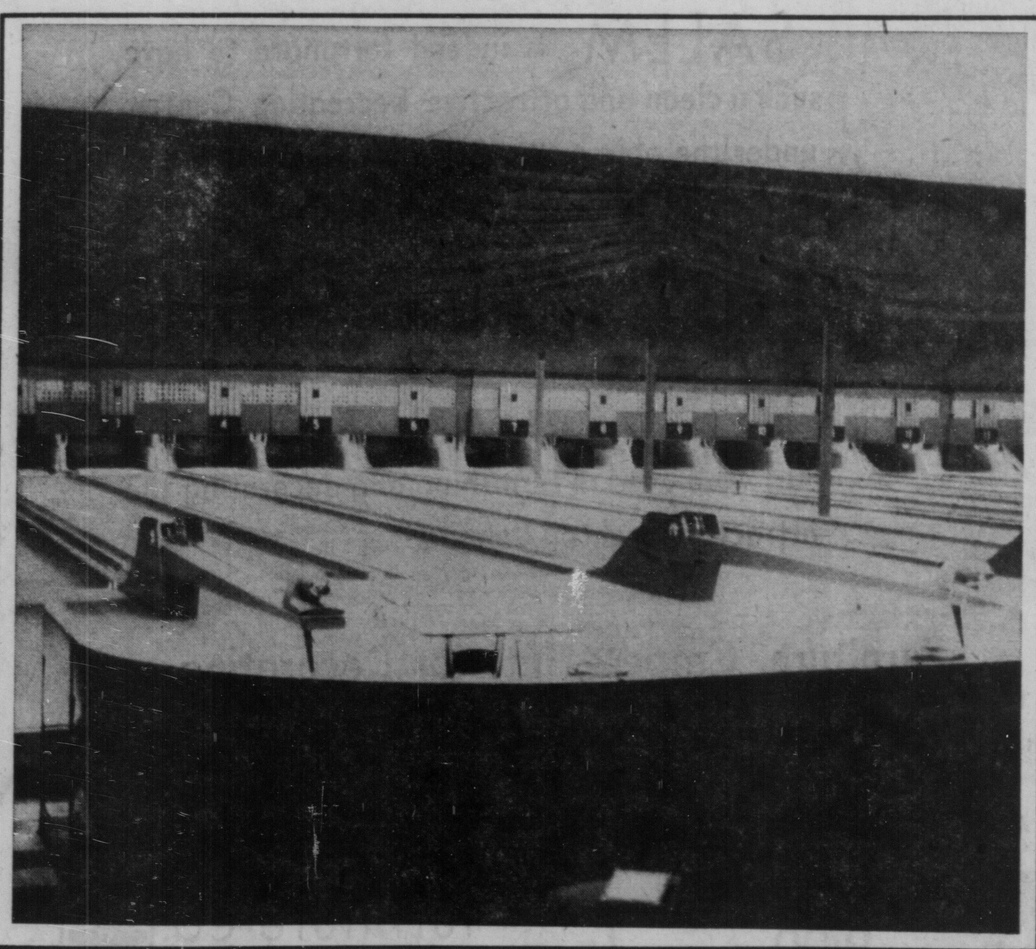

14 MODERN BOWLING LANES . . . with the latest Brunswick equipment. Provisions have been made for the fully automatic pin setters, but due to production delays they will not be available until next spring.

Beginning September 11th, the bowling lanes will be open from 1:00 P. M. to 1:00 A. M., seven days a week. League bowling is scheduled from 6:00 P. M. to 11:00 P. M., Monday through Friday. Lanes for open bowling are available every afternoon as well as Saturday and Sunday evenings. Special matches with both male and female teams from out of town will be be scheduled for some weekends during the coming season.

A special afternoon beginners' league will be formed for the ladies in the very near future.

Bowlers will enjoy the attractive ladies' and men's locker rooms.

THE PATIO INN . . . A beautiful dining room, having a separate lunch counter. Serving: Luncheon from 11:00 A. M. to 2:00 P. M.; Dinner from 5:00 P. M. to 9:00 P. M. daily, including Sunday. Under the management of **Mrs. Tehlma Barnes.**

THE SPRUCE ROOM . . . A modern meeting or dining room, catering to private parties for individuals or groups, club meetings, business and professional meetings, etc This room has seating capacity for 35 persons and is available without rental charge. Call EDgewood 7-9347 for reservations.

THE GREEN RIVER LOUNGE . . . A pleasant Cocktail Lounge designed with your comfort and relaxation in mind . . . and . . . REASONABLE PRICES. Open: 11:00 A. M. to 1:00 A. M.

THE TEN-PIN TAP . . . A small tap room featuring a beautiful redwood finish. Open: 11:00 A. M. to 1:00 A. M.

Plan now to bring the wife or girl friend in Friday evening, September 9th, for a "get-acquainted" inspection of TIMBERLANES' facilities . . . then bring her back Saturday, September 10th for dinner and our formal opening.

A ventilating system which completely changes the air in this entire building every four minutes has been installed to insure comfort. Visit TIMBERLANES and see for yourself that we are offering what you have heard so many people say Salem needs— a pleasant, attractive place with a wholesome atmosphere in which to relax and enjoy yourself at reasonable prices.

Free Parking . . .

The large parking lot to the east of our building and running parallel with Penn St, is available to customers of TIMBERLANES. This lot is shared with R. S. McCulloch & Co., Inc., during the hours of 9:00 A. M. to 5:00 P. M. only.

Due to a change of name we are listed in the telephone directory under "Quaker Bowl" instead of TIMBERLANES. For information or reservations call:

New Bowling Alley Is Showplace

Timberlanes To Open Here On Saturday

Salem's most modern bowling alleys will be opened to the public for the first time Saturday at 5 p.m. when the Timberlanes bowling alleys have their official ribbon cutting ceremonies, to be followed by a bowling match between top flight bowlers from Salem and Cleveland.

Public open house will start Friday evening at 7.

The 14-lane bowling palace, located at 544 E. Pershing St. in the former Fitzpatrick garage, will feature the most modern equipment known in bowling and will offer added enjoyment to its patrons with facilities for a banquet room, restaurant, tap and cocktail rooms.

Overall floor space of the interior encompasses 25,000 square feet with a simulated patio centrally located between the five main rooms.

A banquet room for bowling league meetings and other public gathering has been christened the "Spruce Room" by the owners and will accommodate up to 40 persons. Just off the indoor patio is the "Patio Inn," or dining room. The restaurant is open from 11 a.m. to 2 p.m. for lunches and 5-9 p.m. for dinners.

"The Ten Pin Tap Room," finished in redwood, is situated adjacent to the alleys to serve refreshments to bowlers. The fourth room off the central patio will be the "Green River Lounge," a cocktail lounge lavishly furnished and decorated in a modern art motif.

14-Alley Layout

Fourteen Brunswick bowling alleys with automatic electric foul line lights are the feature of the main bowling room. The 14 alleys being used by the Timberlanes have been moved downstairs from the old Salem Bowling Center by the Brunswick Bowling Company. The company has installed and refinished the alleys to bowling specifications.

Walls of the bowling room are decorated with three shades of drapes to give an added effect. Spectator seating of wrought iron furniture has been built behind the foul lines on an elevated plane to provide adequate visability.

Production delays have halted the installation of automatic pin setters, but they are expected to be in operation by spring.

The building is air conditioned with a blower installed on the roof that completely circulates fresh air every three or four minutes. A public address system has also been installed throughout all the rooms to pipe in music.

There are individual locker rooms for men and women.

There will be three entrances into the Timberlanes—two off Pershing St. and one from the parking lot that will have accommodations for 90 cars.

A fireproof pin refinishing room, rest rooms for pin boys and fluorescent and indirect lighting are a few more of the features of the $75,000 interior remodeling.

Proprietor of Timberlanes is Jim Fitzpatrick, with his brother, Russell, and Richard Gross acting as associate members of the organization.

Fitzpatrick, a native of Salem, purchased the alleys from a Youngstown firm in June, 1954. He and his wife, Marjorie, reside at 835 Homewood Ave. with their daughter, Marcia, 16.

Before buying the alleys, Fitzpatrick operated the Fitzpatrick Motor Co. from 1945 to April 1955. Prior to 1945 he operated a service station on E. State St., and five years previous to this he worked for the Mullins Co.

After the opening of Timberlanes Saturday, the schedule will be league bowling during the five week-day nights and family and recreational bowling on Saturday and Sunday.

Butler Juveniles Pick New Officers

A wiener roast comprised the Aug. 31 meeting of Butler Grange at the grange hall.

When the juvenile grange elected officers, the following persons were chosen: Master, Ronnie Berger; overseer, Donnie Conser; lecturer, Jean Wood; steward, Ernest Raber; assistant steward, Jimmy Vogelhuber; chaplain, Shirley Vogelhuber; treasurer, Edith Mercer; secretary, Freddy Vogelhuber; gatekeeper, Jim Wood; Ceres Marjorie Raber; Pomona, Jimmy Conser; Flora, Sharon Stewart; lady assistant steward, Janice Vogelhuber. Mrs. Merle Mercer is juvenile matron while Mrs. Joe Ward is assistant juvenile matron.

Executive committee includes Ruth Conser, Freddy Vogelhuber, Ronnie Berger and Donnie Conser.

A mystery lunch will be served at the Sept. 14 meeting of the grange.

Mrs. Clifford Wickersham won a special prize at the card party Friday in the grange hall. Other prizes were won by Alice Altomore Billy Humphrey, Mrs. Ray Scott, and Don Baughman. A country store will be a feature of the Sept. 16 card party at the hall.

Taking prizes at the Columbiana County Fair were Ruth Conser first, soap weaving; Patricia Derry, second, squaw skirt; and Mrs Camille Wood, first, Swedish weaving.

WCTU MEETING SET

A business meeting of the Salem WCTU has been scheduled for Friday at 1:30 p.m. in the home of Miss Pearl Walker on 622 Franklin Ave.

CHOIR PRACTICE SET

Choir practice at the First Baptist Church will resume with a rehearsal at 7:30 this evening.

About 100 million tons of good fertilizer a year is created by the world's thunderstorms when lightning combines nitrogen and oxygen,, says the National Geographic Society.

Mr. and Mrs. Roy Kridler called at Wallace Kridler's on Sunday.

Walter Warrington and family attended the Sunday wedding of Bonnie Lou Hahn and Jack Vincent, at the Methodist Church in New Franklin.

Mr. and Mrs. Carl Thomas and daughters enjoyed a wiener roaet at the Edward Wilhelm home on Sunday.

Hanoverton Homecoming To Be Sunday

HANOVERTON — The annual Hanoverton homecoming will be held Sunday at 2 p.m. in the Presbyterian Church.

A program consisting of local talent has been planned along with serving of refreshments.

Mrs. Charles Snyder was hostess to the Monte Carlo Whist Club on Friday evening. Mrs. Herman Ziegler was a guest. Honors went to Mrs. Harvey Trough, Mrs. Merle Ewing and Mrs. Donald Bailey. Mrs. Bailey will entertain the group in October.

H. J. Pelley, Paulina Sloss and Miss Mildred Pelley of Cleveand were Sunday dinner guests of Mr. and Mrs. Paul Pelley of East Liverpool.

Mr. and Mrs. Harry Lee of Burgettstown, Pa. called at the H. J Pelley home Friday.

Thomas Higgins and Joseph and Margaret of Erie, Pa., visited with Thomas' sister, Mrs. William Rush Thursday.

Mr. and Mrs. Ora Lutz of North Royalton were recent guests of Mr. and Mrs. Michael Kupinski.

Mr. and Mrs. Howard Yeager and family of RD, Kensington are moving into the former Wilbur Frost property.

Mr. and Mrs. Clayton Baker recently purchased the Charlie Strham house.

Mr. and Mrs. Charles Snyder and family toured Cooks Forest in Pennsylvania Sunday.

Mr. and Mrs. Ivan Garlock, the owners of the Avalon Restaurant, recently purchased Gilberts Drive In at Salem.

Model Airplane Club Elects New Officers

Election of officers and the acceptance of new policies in the charter highlighted the Tuesday meeting of the Baker's Dozen Model Airplane Club.

New officers are; President Marty Witman; secretary, Ed Ferko; and treasurer, Bob Metcalf. It was decided to hold the regular business meeting on the first Tuesday of each month.

Ed Ferko, Ray Yeager and Bob Metcalf, who attended the National Air Races, gave a detailed report on the races.

Tuesday, Sept. 13 is the next meeting date. The next business meeting will be Oct. 4 and all members are urged to attend.

The eleven largest U.S. steel companies have increased their production capacity by 48 per cent since 1939, but the other companies in U.S. production have increased their production capacity by 85 per cent in the same period.

Best Wishes...

Best wishes to Jim Fitzpatrick on the completion of the beautiful TIMBERLANES!

A place such as this has been sorely needed in Salem for many, many years.

Congratulations!

4 Go On Trial For Waterford Robbery

CLEVELAND (AP)—Four Youngstown men went on trial for bank robbery in Federal Court here Wednesday.

Charged with robbing the New Waterford (Ohio) Bank of $17,000 last Nov. 24 are Fred Cooper, 25; Everett Smith, 26; Arthur Untch, 33, and John Malone, 31. Untch and Malone are brothers-in-law.

The four were arrested by Youngstown police last Jan. 25. Malone was sought at the time as a parole violator from Pennsylvania.

Assistant U.S. District Attorney Loren Van Brocklin described Malone as the leader of the gang that entered the New Waterford Bank dressed as hunters and forced eight employes and customers into a vault at gunpoint.

Kensington

Mr. and Mrs. Hugh Clark of Canton were recent callers of Mrs. Bertha Clark.

Harold Loutzenheiser left Saturday for another year at the Ozark Bible College, Joplin, Mo.

Mr. and Mrs. Thomas Manfull returned home after attending the State Fair in Columbus. They visited with Mr. and Mrs. Robert Milliken of Mt. Olivet, Ky. Mr. and Mrs. Mulliken came back withheiser attended the Stark Co. fair them for a visit with friends here. A reception was held in the church annex Sunday evening in their honor with a crowd attending. Cookies and coffee were served by the ladies and Mrs. Elizabeth Orsburn and Mrs. Pat Stuckey poured.

The Mullikens returned Tuesday to their home.

Mr. and Mrs. Donald Loutzenheiser and Mrs. Evelyn Loutzin Canton Labor Day.

Rev. and Mrs. Don Neumeister and son were recent visitors in Kentucky.

Mr. and Mrs. Stewart Baxter and daughter of Alliance, were Sunday vistors of Mr. and Mrs. Harry Davidson.

Mr. and Mrs. Otto Beall and Mrs. Nora Roach were weekend visitors of Mr. and Mrs. Harry Myers in East Liverpool.

Republic Steel Sets Expansion

To Spend 130 Million, Increase Production

CLEVELAND (AP)—Republic Steel Corp. Wednesday announced it will spend 130 million dollars to add 1,618,000 tons of steel ingot capacity to its basic steel plants in Cleveland, Warren and Youngstown, Ohio and in Chicago and Gadsden, Ala.

The expansion program will get under way immediately and some steel will be poured from new facilities within two years, Republic said.

The 16 per cent addition to Republic's present 10,262,000 ton annual capacity will bring that capacity to more than double the 5,564,160 tons Republic mills could turn out in 1930 when the company was organized. Republic is the nation's third largest among the nation's steel producers, which are led by U.S. Steel and Bethlehem.

Charles M. White, Republic president, said some details of the expansion program, the largest Republic ever has undertaken, remain to be settled and that final plans would be announced later.

"While there will be some new open hearth and electric furnaces, most of the new ingot capacity will come from increasing the size of present production facilities," White said. No new blast furnaces are planned.

"The cost will thereby be much less because we will be able to make use of existing structures and service equipment," White said.

"In addition, the expansion will bring with it substantial operating savings as a result of improved efficiency brought about by the careful meshing of existing and new facilities."

The expansion program announced today follows a three-year program from 1950 in which 1,562,000 tons were added to Republic's steelmaking capacity. The two programs together add about one-third to Republic's annual tonnage.

Substantial employment increases will accompany the expansion, Republic said.

Most of the cost will be paid out of depreciation, amortization and retaining earnings, the firm announced, adding that on Sept. 1 arrangements were concluded with a group of commercial banks for a 5-year revolving credit of $75,000,000, "if needed."

At the end of last month, Republic had working capital of more than $240,000,000 and long - term debt of $45,868,758, the company said.

"Republic is in the best financial position in its history to undertake a major expansion program," White said.

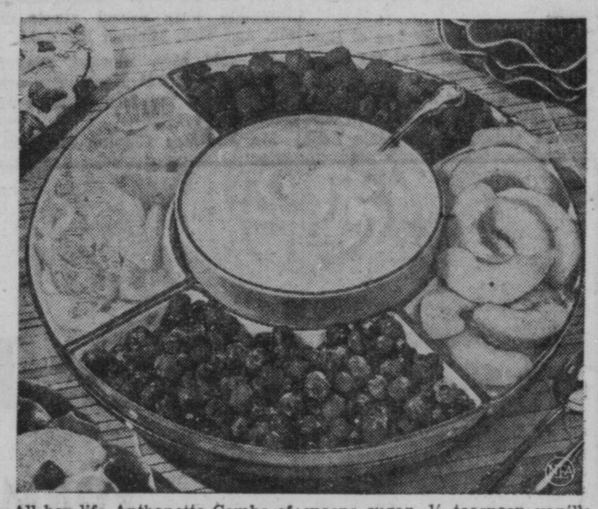

"New finishing mills will be necessary to convert the additional ingot tonnage into products for the market," White said. These probably will include facilities for producing hot and cold rolled sheets and strip, electrical sheets and strip and bars and wire, he added

"The demand for these products appears strong for the indefinite future, and we are confident that a high per cent of our new capacity will be fully utilized from the day the units go into operation," White said.

CALLING ALL "HAMS"—Believed to be the youngest "ham" in the United States is eight-year-old Elizabeth Deck of San Bruno, Calif. Shown here broadcasting on the shortwave radio set she received from her father, Elizabeth received her novice license from the FCC in July. Her call letters are KNGMTQ.

Custard Sauce On Berries

All her life Anthonette Combs of New York has enjoyed entertaining her friends. Now a youthful-looking widow of an Army colonel, with 14 grandchildren, she is a fashion expert and resident buyer for shops in Hawaii, Puerto Rico, South America and many sections of the United States.

Yet despite her demanding career she still likes to entertain in her Westchester apartment decorated with antiques collected on her world travels.

But she keeps her entertaining simple — the best, yes, but nothing that takes time to prepare. Imagination and seasoning can turn most ready-to-serve and labor-saving products into gourmet treats, this smart and life-loving career grandmother insists.

Mrs. Combs gave us her recipe for a quick custard sauce to serve on fresh summertime berries and fruit: also a jiffy snack for unexpected friends.

Custard Sauce

Two and one-half cups cold milk, ½ cup cold light cream, 2 tablespoons sugar, ½ teaspoon vanilla, 1 package coconut cream instant pudding mix.

Pour milk and cream into mixing bowl. Add sugar and vanilla. Add pudding mix and beat slowly with egg beater just until well mixed, about 1 minute. Do not overbeat or mixture will be thin. Let stand to set — takes 5 minutes. Just before serving, stir until smooth and creamy. Serve over fresh fruit.

Note: If desired, sauce may be chilled. Just before serving stir until creamy.

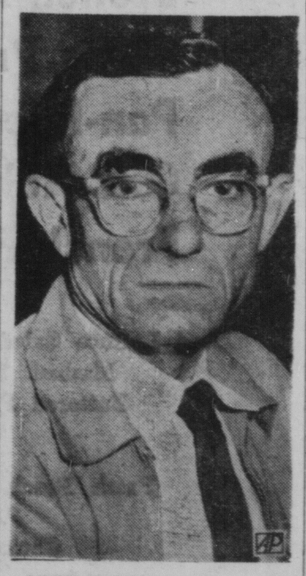

Note: During summer months, leftovers should be refrigerated.

Spaghetti Cheeseburgers

Two cans (4 cups) spaghetti with meatballs in tomato sauce, 2 slices (2 ounces) packaged sliced process cheese.

Empty spaghetti into a shallow baking dish. Arrange the 8 meatballs on top of spaghetti. Cut each slice of cheese into 4 small squares. Place a cheese square on top of each meatball. Bake in a moderate oven (375 degrees F.) about 25 minutes.

More than 90 per cent of the bulbs for U.S. electric lights are turned out by 14 machines that blow bulbs at the rate of 1,800 a minute.

AWOL SINCE 1928. William F. Lydon, 59-year-old elevator operator, turned up at Governors Island, New York City, and reported to an MP that "I've been AWOL since 1928" from the army and "now my conscience bothers me."

Mr. and Mrs. Charles Miller announce the forthcomng wedding of their daughter, Darlene Gay Miller to William Woods, son of Mr. and Mrs. Lee Woods of North Jackson Saturday at 7:30 p.m. followed by an open reception in the dining rooms of the Methodist Church.

Prohibition Party Runs Ike's Classmate

MILFORD, Ind. (AP)—A retired college professor and a West Point classmate of President Eisenhower are the national Prohibition party's candidates in the 1956 presidential election.

Chosen by 152 delegates from throughout the country at the end of a three-day convention yesterday was Dr. Enoch A. Holtwick, 74, of Greenville, Ill., profesor-emeritus of history at Greensfield College for president; and Brig. Gen. Herbert C. Holdridge (ret.), 63, of Sherman Oaks, Calif., for vice president.

A party spokesman said Gen. Holdridge a member of the famous class of 1915 at the U. S. Military Academy, is known as the "Peace General" because he has been a long-time opponent of universal military training.

The candidates said they would stump the country to put the name of the Prohibition party on the ballot of every state for the first time in recent history.

Rogers

Mr. and Mrs. E. W. Baker and children John and Jane and Mr. and Mrs. Henry Grubb and son Jay spent Saturday and Sunday with their mother, Mrs. Mary Grubb and Mr. and Mrs. Robert Grubb and family of Barnsville. Mrs. Grubb returned home with Mrs. Baker.

Christmas Shopping

By HAL BOYLE

NEW YORK (AP) — Done your Christmas shopping yet?

With the poison ivy season on the wane and summer getting circles under her eyes, now is the time to brood over the fact that it is only 108 days until Santa Claus arrives.

Fathers who broke the family bank account sending the kids off to camp can start worrying over where to find the money to buy the little rascals Christmas presents.

The little rascals themselves don't have to worry. The biggest Yuletide bonanza in history is in store for them. The booming toy industry expects to wind up 1955 with a record-breaking 1¼ billion dollar business.

The toy guidance council, watchdog of the industry, now has on display here more than 60 new playthings approved by educators as both safe and durable. The display—the items range from $1 picture books to $3,000 electric trains—is a child's dream of fairyland—but it isn't for children. It's to guide the nation's retail toy buyers.

What's new in toys this year? Well, styles change in toys just as they do in clothing.

Take dolls, for example. Dolls used to do nothing but lie still and look dumb. Then along came dolls that could open and close their eyes, say "mama," and moisten a diaper. Now they have dolls that can be fed, take a walk, do a toe dance, and—so help me—one that will open her mouth so that her little mother can fix her teeth.

But one of the outstanding dolls this year is a big wide-eyed blonde that sells for $30 and does nothing but stand up looking dumb and beautiful. Her big asset: She wears a real silver blue mink coat.

Surprisingly, in view of the price, the doll is already selling very well," said Mel Freud, president of the Toy Guidance Council. He said he didn't know whether the dolls were being given to little girls or big grownup girls.

One of the more expensive gifts for "the little boy who has everything" is a plastic sports car that costs $298 with foot pedals or $407 when powered with a motor that spins it along at five miles an hour. Just the thing for junior when you want to send him to the store to pick up a dozen eggs.

But don't faint, father. The cost of the average toy is only $5.

"Western toys—such things as guns and holsters— still are the most widely favored toys," said Freud. "Television has much to do with this, as well as the trend toward newer toys.

"The themes this year are toward realism, science, do-it-yourself kits, and toys that tie in with TV personalities, such as Arthur Godfrey ukeleles and Gene Autry guitars."

Among the realistic toys are walkie-talkie sets, portable loud speakers, and communication outfits that enable up to five children to talk over their own phone network from five different rooms. (Unfortunately, this won't relieve the pressure that teen-agers put on the family phone.)

The do-it-yourself kits range from bake-a-real-cake packets for girls to toy uranium hunting outfits for small boys. The new chemistry sets come with a money-back guarantee that junior won't be able to blow himself up or make a baby atom bomb in the basement.

Freud said the Davy Crockett craze is dying or already dead.

"The same thing happened to it as happened to the craze for space toys two or three years ago—although space toys are reviving again,' he commented. "the trouble lies with manufacturers in each case. They tried to cash in on the vogue in a way that stretched the credulity of children.

"For example, on firm put out a toy called 'the Davy Crockett electric telephone.'"

Freud feels when a voge gets this far out of line with fact it is on the way out.

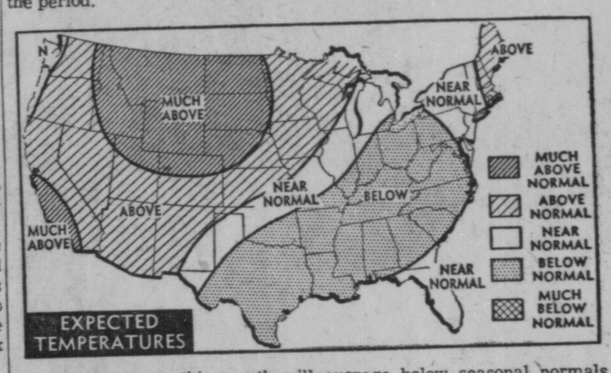

"You can't insult a child's intelligence," he said, and give this tip to anybody buying toys:

"First, find out the child's real interest—then give him a toy that will help satisfy that interest, not make it ridiculous."

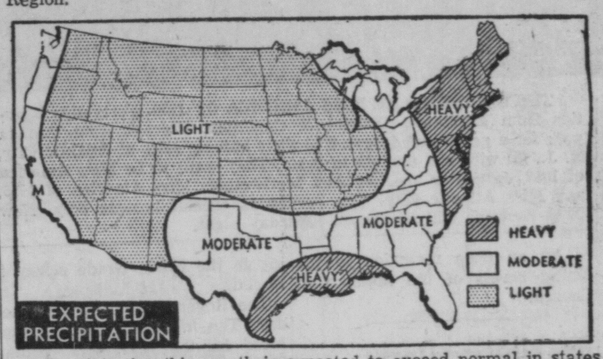

Magnesium, now being used to manufacture many common articles, is a third lighter than aluminum.

Summer's Passing---

The weather maps below give you the U.S. Weather Bureau's long-range forecast for September. It is not a specific forecast in the usual sense, but an estimate of the average temperature and precipitation for the period.

Temperatures this month will average below seasonal normals in the South and also in the Ohio Valley and lower Great Lakes Region.

Precipitation this month is expected to exceed normal in states along the Gulf and Atlantic coasts. Subnormal amounts are expected for most of the rest of the country.

Ohio Collects Funds For Mental Hygiene

COLUMBUS, Ohio (AP)—The state department of mental hygiene and correction today turned over a one-half-million-dollar check to the Ohio general fund, first of four such payments to be made yearly under legislation passed by the last General Assembly.

The money will be used partly to train department psychiatrists and pay for the state's share of the cost of operating local mental hygiene clinics.

The department yearly collects about four million dollars from relatives of patients in mental institutions who can pay for the care. The first two million always has gone into the general fund.

Previously the department used the second two million directly, but the last Legislature provided that it go into the general fund to be appropriated for department work.

Ohio can charge up to $14 a week per patient in an institution that provides prolonged care and up to $28 a week per patient in receiving hospitals.

TAKES OVER FRENCH REIGN IN MOROCCO—France's Gen. Pierre Georges Boyer de Latour is accompanied by Morocco's Grand Vizir El Mokri as he arrives at Rabat, French Morocco, to take over as Resident General, He replaces resigned Gilbert Grandval as attempts are made to quell unrest in Morocco.

Inside Labor

By Victor Riesel

Victor Riesel

Right up to the final hours before the last long holiday weekend of the summer, millions of those who planned to travel had the jitters. They didn't know if they'd be sitting on their suitcases in airports and rail terminals—because they didn't know whether or not the shillelagh-carring but cherubic Mike Quill would make good his threat to shut down the nation's biggest railroad and the globe - girdling Pan-American Airlines.

In those hours before the Labor Day weekend, the nation got its first real taste of Mike Quill's specialty — the war of nerves, the threat to shut down crucial transportation at a critical moment.

Out of those pre-holiday hours there should have come the realization that Michael J. Quill, at 50, has run a handful of New York subway workers into a powerful 170,000 - man transportation union which could cripple most of the East, a considerable part of the Midwest, and the intra-city bus, subway and trolley systems of over 50 major cities — including San Juan, Puerto Rico.

-:-

HIS CIO TRANSPORT Workers Union could also shut down many of the nation's major airlines—and keep some foreign lines' aircraft as immobile as kiwi birds.

There has been a tendency to treat Mike Quill as a sort of comic who specializes in stormy speeches and wild strike threats. There's nothing comical about Mike Quill.

I recall some 11 years ago, when he broke with Communist allies in CIO, he expected to have his house shot up. We went for a long drive in his old jalopy discussing plans for guards and the obtaining of gun permits so Mike could shoot it out with the terrorists if they poked around.

He was serious. No grandstand play was this, since there were only the two of us. I do believe Mike would have turned his Bronx street into a High Noon scene if he had had to.

-:-

THAT'S THE WAY this nation had better evaluate Mike Quill from now. He has yelled strike for over 15 years — and has called only two or three tough ones. But one of these days a strike threat will go wildcat and this nation's traffic will be paralyzed. Mike comes out of the old general strike tradition and will pull one if he has to. So let's stop laughing him off.

If he ever does strike, he'll ask bus drivers, trolley men, subway workers, taxi chauffeurs and airline service people to support the stoppage.

These men will throw up picket lines which operating engineers and others who move trains, trolleys, buses and planes will not pass. Then everybody will walk instead of riding and flying.

-:-

THERE'S BEEN no analysis of Quill's union strength. So I thought I'd get one up. His people are among the maintenance and service workers at Pan-American Airlines, American Airlines, Trans-World Airlines and United Airlines —as well as KLM and other foreign operators.

He has 35,000 members on the Pennsylvania Railroad and 15,000 others scattered among the Louisville and Nashville, the Sante Fe, the Alaquippa and Western, and the Hudson and Manhattan.

In just a few strikes, his union has forced millions to walk in such key defense production and vital war centers as New York and Philadelphia. The TWU tied up Philadelphia — the nation's second defense production center — during the war and some of us had to get around in U.S. Army trucks.

-:-

HE CAN CAUSE transit ruckuses in cities right across the land from New York to New Orleans, from Philadelphia through Columbus, Omaha, Tulsa, right on to San Franoisco according to his own records. He has locals running as far south as Florida and Texas.

Had he shut down the Penney railroad, Quill would have affected 13 states. Had the strike rolled, he could have crippled freight shipments to a score of docks.

This is just the beginning. After the merger of the AFL and CIO, Quill hopes to launch new organizing drives right across the nation. There are AFL unions in the field — powerful ones — but Mike knows the value of being a stormy petrel and keeping out front.

-:-

HE'S SCREAMING against the merger of the two big labor organizations, but will go right along with it hoping that the other labor chiefs will let him be top spokesman for all unionized transportation workers across the land in the new AFL-CIO—if only to keep him quiet.

Keep your eye on Mike. This man from the County Kerry is a shrewd tactician. He may yet be able to decide whether and when you walk or ride to work—wherever you are.

Tiny worms are sometimes found living on ice, but their life cycle has not been studied, says the National Geographic Society.

Congratulations

We would like to extend our best wishes to "Jim" Fitzpatrick on the Opening of

Timberlanes

PARKING IN REAR WE DELIVER

Pears Cheese Companion

Mellow golden Bartlett pears from the Pacific Northwest are big market news now. Some of our friends in Seattle have sent us special recipes. Also this advice:

When you're preparing to serve fresh Bartletts, be sure they're thoroughly ripe—golden yellow in color, and that they respond to slight finger pressure. If they are not ripe when you buy them, keep them wrapped or in a paper bag at about 70 degrees until thoroughly ripe.

Pear Amber

Four cups diced Bartlett pears (about 5), 1 large orange, 1 9-ounce can crushed pineapple, plus juice, ¼ cup sliced maraschino cherries, 6 cups sugar, 1 package powdered pectin (3½-ounce.)

Prepare glasses or ½ pint jars by washing, scalding and draining. Wash lids and drop into scalding water. Measure sugar into dry dish to be used later. Prepare fruits: Wash and peel pears; remove cores. Cut into small pieces. Wash oranges; dice or put through food chopper, using whole orange. Add sliced cherries, crushed pineapple and juice.

Measure prepared fruits into large preserving kettle. (Total amount of fruit will be 6 cups). Add powdered pectin and stir well. Place over highest heat and bring to boil, stirring constantly. Now add measured sugar and mix well. Continue stirring and bring to a full rolling boil (one which cannot me stirred down). Boil exactly 4 minutes. Remove from heat; let boil subside. Stir and skim by turns for 5 minutes to cool slightly and to prevent floating fruit. Pour into prepared glasses. Seal.

Try New Picnic Casserole

Outdoor fare benefits from a menu change at this time of summer. You've probably been all through the fried chicken - sandwich - salad cycle. So how about bringing this fresh-tasting new casserole to a picnic?

We advise it for a day when the outdoor eating spot is at a picnic table under the trees. The sun just filters through the leaves and it's not too hot? A heavenly breeze stirs? That's when this casserole will be appreciated. It's made of snap beans (fresh-cooked and green), diced cooked ham and a savory cheese sauce — all topped with buttery crumbs and browned to a beautiful golden color just before you are ready to leave. If you wrap the casserole in several thicknesses of newspaper you'll have an insulator for the hot dish.

To go along with the casserole, take whole tomatoes to eat out of hand. Put in cucumbers, to, and a sharp knife. One of your picnicgoers will be glad to do the cucumber-peeling and hand out the crisp strips. What tastes better than fresh tomaoes and cucumbers eaen "as is" — a shake of salt on each bite? (And don't forget the salt). For dessert ripe cantaloupe to be sliced on the spot and finger-eaten.

Keep the vegetables and fruit cold in one of those wonderful insulated plastic bats — a modern boon. Your cold fruit-juice drink (and we suggest one made from fresh lemons or limes) can go in a vacuum jug. One set of these invaluable picnic accessories comes in an attractive white-on-black polka-dot pattern, in two sizes. The bags are either 8½ by 15 by 9 inches or 7 by 12 by 8 inches. The matching vacuum jug comes in either a half-gallon or one-gallon size. Both bags and jugs are pretty and chic; but more important, they keep food and drink cold or hot.

Bean, Ham Casserole

Ingredients: 2 pounds fresh snap beans, 1¾ cups diced cooked ham, 1½ cups cheddar cheese sauce, 3 tablespoons butter or margarine, 1 cup soft bread crumbs.

Method: Cut tips from beans; scrub in cold water; drain. Cut beans in 1-inch slantwise pieces. Cook beans in a covered saucepan containing 1 inch of boiling water and 1 teaspoon salt just until tender — 10 to 13 minutes. Alternate drained beans and diced ham in a 1½ quart (6 cups) casserole; pour over cheese sauce. Melt butter in small skillet; add bread crumbs and mix well; use low heat. Sprinkle buttered bread crumbs over top of casserole. (Dish will be filled right to top.)Bake in a slow (325 degrees) oven until crumbs are golden-brown — about 30 minutes. Makes 6 to 8 servings.

Cheese Sauce

Ingredients: 3 tablespoons butter or margarine, 3 tablespoons flour, 1½ cups milk, 1 cup grated sharp cheddar cheese, 1 teaspoon salt, ⅛ teaspoon ground black pepper.

Method: Melt butter in a saucepan over low heat. Blend in flour. Stir in milk. Cook and stir constantly over moderately low heat until thickened and bubbly. Add cheese and stir over very low heat just until melted. Stir in salt and pepper. Use sauce for Fresh Snap Bean and Ham Casserole.

Places where eggs are kept should be held at a temperature of 50 to 60 degrees and have a 70 to 80 per cent humidity.

Cantaloupe, Bread Freezing Hints

California and Arizona cantaloupes are abundant now. Low in calories but nutritious, packed with eating pleasure, they are welcome additions to breakfast, lunch and dinner.

To get the best melons, select them carefully. These pointers will help you:

A slightly sunken, well - callousedd, smooth scar at the stem end. This signifies the melon has been picked at "full slip" when it comes off the vine with only a slight pressure.

Netting that is well - raised, coarse, dry and grayish in color, with a background that is light in color.

The distinctive full-bodied cantaloupe aroma.

A slight softness at the stem end, although this pointer is not infallible since previous customers may have used too much pressure in their test and bruised the melon.

This is sandwich season, too. Food specialists of the U.S. Department of Agriculture suggest making sandwiches with frozen slices of bread.

They say bread is easier to spread when frozen than when soft and crumbly. The chill from frozen slices put together in closely wrapped sandwiches keeps the filling in-between fresh; even keeps lettuce crisp for several hours.

That chill also helps keep other foods in the lunchbox cold. Then, when the slices thaw, they have the characteristics of fresh bread. All in all, it may be considered a "cool" idea especially when lunches often suffer from hot weather.

The best way to keep bread fresh and avoid staling is to keep it frozen — in the freezer, the frozen food compartment, or even the "ice cube" compartment of the refrigerator. Many families purchase a supply of bread for a week or two and keep it in their freezers.

Frozen sliced loaves are especially convenient because the slices separate readily without thawing and may be used frozen not only for sandwiches but also for toasting. A frozen loaf thaws in 3 to 4 hours at room temperature. Frozen slices thaw more quickly.

Customer Courtesy Corner

It's often been said that "Courtesy, like gold and dianonds, owes its value only to its scareityt."

Perhaps — but at Century you'll find courtesy rather inexpensive and that's because we sincerely feel we employ the most courteous persons in this area — people that regard courtesy as an atmosphere of friendship which goes a long way in making your shopping chore really a pleasant visit.

Because we are anxious to make your friendly Century even more so, our Century store manager will always welcome your comments and suggestions.

Vegetables Excellent August Meal Dish

We've been looking around for vegetable recipes to perk up September menus? Here are some—inexpensive. See if you like them.

Panned Carrots

Wash, scrape and shred enough fresh golden western-grown carrots to make 3 cups. Add one cup onion, chopped or grated. Teat one-quarter cup bacon fat in a heavy skillet. Add carrots and onions. Season lightly with salt and pepper.

Cover and cook slowly just until vegetables are tender — about 10 minutes. Stir frequently to prevent sticking, using liberal portions of butter or margarine over the dish just before serving.

Alternate method: If you are preparing an oven meal, place the carrots and onions in a baking dish with a tight cover. Bake at 350 degrees F. for one-half hour.

Philadelphia Cabbage

Shred three cups of western-grown cabbage. Cook in an uncovered pot, using one-half inch of boiling salted water, for about 5 minutes, or just until crispy tender. Blend in one package (3 ounces) of cream cheese and stir until cheese melts. Add a dash of pepper and one-quarter teaspoon of celery seed. Serve hot.

Chiffonade Dressing

Add one cup French dressing slowly to one-quarter cup mayonnaise. Chop finely one tablespoon of onion, two tablespoons of pimento and two hard cooked eggs. Stir into the dressing. Serve over crisp wedges of chilled lettuce.

About 27,000 Americans become blind annually.

Buttered Toast Is Served With Sausage Dish

With cool days not far away, you'll welcome a recipe for a hearty, appetizing dish that is different and filling.

This sausage, egg combination makes a casserole meal that is perfect for dinner or supper but whenever it's served, be sure to have plenty of coffee and hot buttered toast ready to go with it.

Use: 1 No. 2 can tomatoes, 1 minced small onion, 3 tablespoons minced green pepper, ½ cup diced celery, 1 bay leaf, ½ teaspoon salt, ⅛ teaspoon pepper, ¾ cup soft bread crumbs, ½ cup cooked or drained canned peas, 1 cup grated process American Cheddar cheese (¼ lb.), 4 eggs, 12 smoked breakfast sausage links.

Hea toven. Combine first 7 ingredients. Cook slowly until celery is tender; remove bay leaf. Taste mixture; add more seasonings if needed; add bread and peas. Divide half of mixture among 4 individual casseroles; sprinkle with half of cheese; repeat. Make depression in center of each; break egg into it; sprinkle eggs lightly with salt. Ring each casserole with pre-browned smoked breakfast sausage links. Bake till eggs are set.

Shrimp-Stuffed Eggplant Good

Now that we can buy fully shelled and de-veined shrimp, either frozen or in cans, life in the kitchen gets easier. Some genius has perfected a machine that pulls off the shells and removes the black digestive line from their backs.

So lets begin trying new shrimp recipes, happy that we don't have the extra job of shelling and deveining. Helen Hughes of New Orleans, one of the South's best known home economists, taught us how to prepar eand enjoy this Creole specialty.

Shrimp-Stuffed Eggplant

One - half cup shortening (part butter or margarine), 1 box frozen fully - peeled, de-veined shrimp; 2 buds garlic, minced; 1 small onion, cut fine; ½ cup minced parsley, 2 bay leaves, ½ teaspoon of crushed thyme; 1 red-ripe tomato, peeled and chopped; 1 large eggplant; cup water,, 1 teaspoon salt, ½ teaspoon pepper, ½ cup dry breadcrumbs.

Melt fat in heavy skillet over medium heat and saute shrimp about 10 minutes, or until tender. Remove shrimp to a chopping surface. Add next six ingredients and fry gently about 2 minutes, stirring constantly. Remove from heat.

Cut top from eggplant. Cut around edge and score deeply in all directions. Remove pulp, leaving about ⅛ inch thickness around the shells. Turn shell upside-down in pan of cool water.

Chop pulp well and add to seasonings in skillet. Add water, salt, pepper. Stir well, cover closely and let "steam" for 5 minutes. Chop the shrimp, reserving a few for the top. Add to eggplant mixture.

Fill bottom of shell and sprinkle with part of the breadcrumbs. Alternate crumbs and whole shrimp. Bake 20-25 minutes at 400 degrees F. Serves 4.

To loosen peach skins, dip the fruit into boiling water for about one minute, then cool in cold water, remove skins and pit. Very ripe peaches may need even less than a minute of dipping.

Students Employed During Summer Face Tax Refunds

At the end of each summer, when college students who have held summer jobs give them up to return to school, the question of their income tax liability arises.

These are the answers to some common queries:

Students whose summer incomes were subject to withholding taxes will get back the refunds they are entitled to by filing regular income tax returns after next Jan. 1. Returns should be filed as soon as possible because refunds usually take six weeks.

Students filing returns claim a $600 personal income tax exemption, like everybody else. Since most students have few deductions, the limit to what they can earn during the summer without being liable for taxation is a little less than $700. Up to that amount, a student is unlikely to owe any taxes. He will get a refund of all taxes withheld while he worked.

The recent change in the income tax law relative to student income is that a working student now can count for two deductions — his own and the one his parents may claim on their tax return as long as they provide more than half his support. Before 1954, a working student who earned more than $600 in the summer months or any other time during the year could not be claimed as a deduction on his parents' income tax return.

Income received by a student as a scholarship for study at an educational institution need not be taken into account by a parent in determining whether the parent has furnished over half of his support; i.e., whether or not the student is a bona fide dependent.

Support includes board, lodging, clothing, cost of education, medical and dental care and other similar expenses.

Although every child, stepchild or legally adopted child under 19 is a dependent, it is not necessary that a claimed dependent be under 19 if he contnues to be a student beyond that age. As long as he is a student and continues to receive more than half his suppor, he is still a dependent.

A student is one who studies full time at least five calendar months a year (not necessarily consecutive months) at an educational institution with a regular faculty, curriculum and sudent body, or who is pursuing a full-time training course on a farm for at least five calendar months under supervision of a state, a political subdivision of a state, or an agent of an educational institution with a regular faculty, cirriculum and student body.

DOUBLE FIRST RUN SALEM SHOWING!

EXTRA CARTOON, "ZIPPING ALONG"

Lausche Names Four To Soil Committee

COLUMBUS, Ohio (AP) — Gov. Frank J. Lausche today appointed four men to the newly constituted Ohio Soil Conservation Committee.

Reorganization of the committee was made necessary when the last Legislature increased membership from five to seven, effective last Aug. 5.

The new appointees are Arthur Easton of Franklin, who operates a general farm in Warren County; William H. Stauffer, pastor of the First Mennonite Church at Sugar Creek in Tuscarawas County; Harmon Wright, Spencerville, Auglaize County farmer, and Herbert Eagon, Delaware County farmer. The last two served on the old committee. Other members are Natural Resources Director A. W. Marion, Agriculture Director A. L. Sorenson and Dean L. L. Rummell of the College of Agriculture, Ohio State University.

The committee will serve in an advisory capacity to supervisors of the various soil conservation districts, and is responsible for assisting districts in administration of the conservation program. Terms of the committee members will expire Aug. 5, 1957.

Easton has long been a leader in soil conservation in Ohio. Stauffer is known nationally as a speaker on soil conservation.

Jobless Workers Decrease By Half

WASHINGTON (AP)—The government reported today the number of the nation's long term jobless workers is only about half what it was a year ago.

A joint report of the Commerce and Labor departments showed that employment reached a new record of 65,488,000 in Aguust, nearly a half million above July and 3,211,000 over August 1954.

Willow Grove Grangers Elect Donald Sanor

Donald Sanor was elected master for the ensuing term when officers were chosen at Friday night's meeting of the Willow Grove Grange in the hall.

Other officers are: overseer, Raymond Oesch; lecturer, Mrs. Fred Roth; steward, Carrol Rogers; assistant steward, Raymond Denny; chaplain, Mrs. Howard Milligan; treasurer, Floyd Stamp.

Secretary, Mrs. Raymond Oesch, financial secretary, Mrs. Warren Bare; gatekeeper, Russell Myers; Ceres, Mrs. Lowell Sanor; Pomona, Mrs. Fred Umbach; Flora, Mrs. Harry Sherwood; lady assistant steward, Mrs. Raymond Denny; legislative agent, Harry Sherwood; pianist, Mrs. George Balta; juvenile matron, Mrs. Don Sanor; trustee, Bryan Sanor.

Retiring master is Russell Myers and outgoing secretary is Mrs. Russell Myers.

'Boster Night" will be observed at the next regular meeting, Sept. 16.

Dry pieces of chicken well before you dip them in batter for deep fat frying, the drying helps to keep the batter on the chicken pieces.

HELD IN SLAYING—Following a shooting spree during which he killed one woman, kidnapped a second whom he held hostage during a five-hour ride through South Dakota, Minnesota and Iowa, 15-year-old Ronnie Loughlin is shown after surrendering to police at Allison, Iowa.

Freezer Has Varied Uses

Big, puffy clouds scudding across the August sky remind us that summer is sliding by, the corn is ripe and roadside vegetable stands present a luscious picture of good eating to come. There are supposed to be 8,500,000 of us who either own freezers or who patronize freezer locker plants, and I'm one of the crowd. If you're as proud of your big, zero cold box as I am you'll want to take full advantage of every cubic inch of it. So, a few tips from home economists are in order.

Freezing is certainly one of the easiest ways of preserving food. So easy, in fact, that when I hear the plaintive "what can I do now, mama?" rising like a cocust's buzz, I wrap my daughter in an apron and let her flip the melon balls or string the beans for the freezer.

First tip is not to overload the freezer. If room temperature is over 80 don't attempt to freeze more than 50 pounds of food within 24 hours. Overloading slows down the freezing of new food and raises the temperature of surround ing frozen food.

Proper packaging is high on the expert's list as the key to successful freezing. Packaging materials must be moisture proof, strong, durable and, to my way of thinking, inexpensive. For bulky, irregular-shaped meat, fish or poultry, you'll find heavy aluminum foil, freezerweight cellophane, plastic film and laminated paper.

There is also a wide choice of freezer packages for vegetables, fruits and berries. I've had good luck with sveral kinds, but when I have junior help or am in a hurry I think the rigid containers are the fastest and easiest to fill. These are the square waxboard containers with rigid plastic lids. These seal with a single press-down motion.

Naturally you'll freeze only fruits or vegetables that are in peak condition. Ideally, they should be frozen the same day they are picked. If you have a garden, the rule of thumb is two hours from garden to freezer. If you rely on neighboring farmers or markets as I do, shop early in the day you plan to freeze and buy only what you know you can handle in one day.

Get your freezer supplies ready a day ahead. Vegetables, according to almost every home economist, should be blanched before freezing.

I've known homemakers who don't blanch vegetables and say they have never had any spoilage or loss of flavor. But I stick with the experts. Blanching stops enzyme action. The length of time to blanch varies with the vegetable and if you've mislaid the freezer instruction booket, get another to guide you.

Quick cooling is also important. A sink full of ice-cold water (I dump ice cubes in to keep the water chilled) is one of the easiest places to chill the vegetables right in the blancher strainer.

Fruits and berries may be packed with dry sugar or sugar syrup. Some, such as peaches, apples, pears and apricots, need the addition of ascorbic or Vitamin C solutionto prevent them from oxidizing or darkening. Pack fruit in containers best suited to your family needs. A quart size will supply fruit for a nine-inch pie. A quart of strawberries or peaches will make four individual shortcakes. A pint of fruit when used as ice cream or pudding topping will serve from four to six people.

Anything you freeze should be dated, and if you don't want to find yourslf groping through a pile of packages to find the one you need right now, do keep a running inventory. A list posted inside the freezer or next to it makes record-keeping relatively painless. Last year I thought I's never forget how many quarts and pints of strawberries I froze. But I did and we wound up eating frozen berries when this season's fresh ones were flooding the market.

LEGAL NOTICE

NOTICE OF FILING OF APPLICATION TO RELIEVE ESTATE FROM ADMINISTRATION NO. 51676

Probate Court, Columbiana County, Ohio.

In the matter of the estate of Winifred L. Hill, deceased.

To all parties interested in the estate of Winifred L. Hill, deceased:

You are hereby notified that on the 24th day of August, 1955, an application was filed by Hazel F. Linn, in the Probate Court of said County, to relieve from administration the estate of said decedent.

Said application will be for hearing before said Court on the 23rd day of September, 1955, at 1:00 o'clock p. m.

Witness my signature and the seal of said Court this 24th day of August, 1955.

(SEAL)
LOUIS TOBIN,
Probate Judge.

Caplan and Caplan, Attorneys.

Out driving, stop and take a look at this lovely six room. First floor consists of a large living room with a wood-burning fireplace, dining room, very nice kitchen; 3 bedrooms and bath on the second floor. Finished attic. The exterior is good all hardwood floors, carpeted, nice drapes; cornices, gas furnace, garage. It takes years to grow shade trees such as on this street. The neighborhood is exclusive. Think of it, you can take advantage of this opportunity. The best financing offered

QUESTIONS AND ANSWERS

Q — What law was passed by the 84th Congress relative to U.S. paper currency?

A — A law to print the motto "In God We Trust" on all paper money and coin of the United States. The inscription has appeared on many coins, but never on U.S. banknotes.

Q — What is the most ancient example of independent sculpture now extant?

A — Probably the Sphnix carved by the Egyptians.

LITTLE LIZ

The safest way to knock a chip off someone's shoulder is with a pat on the back.

MESS FOR MERCHANTS. Grocers, liquor store dealers and other San Jose, Calif., merchants who store their goods on shelves were confronted with scenes like this one following earthquake Sunday. Most of the damage was centered in San Jose, although the tremor was felt over a 100-mile area.

Area Residents Will Register On Sept. 12,13

DAMASCUS — All people in Mahoning County who have never voted or did not vote last year can register in Sebring Sept. 12 and 13 from 12 noon to 8 p.m. at the Town Hall.

The Goshen Community Chest Organization will meet Sept. 12 at 8 p.m. at the Community Center Ellis Steer, president, will be in charge of the meeting.

The Adult Girl Scout Troop met recently with Mrs. Joseph Bush, chairman. A discussion was held on how to spend the Community Chest money and it was decided to spend it on the Community Center. Mrs. Frances Knight was appointed chairman of the calendar sale for October. The first meeting will be held at the High School building Sept. 14 after school and the Fly Up ceremony will be Oct. 5 at 7 p.m. with the place to be announced later.

The Scouts will hold a uniform sale or exchange at the school house Sept. 28 at 7 p.m. The group decided that a girl should be in second grade in school before registering in the Brownie Troop, and in the fifth grade before registering in the Inetrmediate Troop. It was also decided to limit a troop to not more than 16 members. A picnic lunch was then enjoyed.

Miss Shirley Bell of RD, Salem was honored at a bridal shower recently by Miss Arla Jean McBride. Lovely gifts were presented Miss Bell by 16 friends from Chicago, Ill., Dayton, Berlin Center and Damascus. Refreshments were served by the hostess assisted by her mother, Mrs. Foster McBride and Miss Mary Lou Balfour of Chicago. Flowers for the event were arranged by Miss McBride's aunt Mrs. Frank Delzell. Miss Bell will become the bride of Howard Hill of Leechburg, Pa. Saturday in the Presbyterian Church in Salem.

Mrs. H. H. Israel and Mrs. Charles Roberts attended the Lippley reunion at Firestone Park Sunday.

Mrs. Oliver Greenamyer received word Tuesday of the death of her sister, Mrs. Lorin Sebrell of Dover, Delaware, which occurred Monday night.

Mrs. E. D. Dithridge of St. Petersburg, Fla., and Mrs. Fred Wohlson and sons Edward, Billy and Robert of Media, Pa. were dinner guests of Mr. and Mrs. Charles Roberts and sons Friday evening.

The Mabel Barss Missionary Circle of the Damascus Methodist Church will meet in the church social room Sept. 13 at 8 p.m. This will be the first meeting of the year following three month's vacation. Anyone interested is welcome. Mrs. Don Fogg and Mrs. Robert Buttermore will be hostesses.

Lt. j.g. Lynn Bowersock and H.M. 3 Fred Roncloux of Great Lakes, Ill. spent the weekend wth Miss Bowersock's mother, Mrs. Hazel Bowersock and son La rd.

Mrs. E. D. Bithridge of St. Petersburg, Fla., and her daughter, Mrs. Fred Wohlson and sons, Edward, Billy and Robert of Media, Pa., left for their homes Friday after visiting Mr. and Mrs. Fred Dahlke.

Mrs. Lillie Wolgamuth of Salem spent Friday with her sister, Mrs. Fred Dahlke and guests.

Mr. and Mrs. Lloyd Himes and family of Homeworth called on Mr. and Mrs. Ray Bardo Sunday.

Mrs. H. O. Stanley and Mrs. Margaret Chambers are visiting Prof. and Mrs. Richard Chambers and sons of Wheaton, Ill., Mrs. Chambers will spend the winter there.

Statisticians estimate that about 80,000 of the 20 million U.S. babies born in the past five years will live to be 100 years old.

With Our Servicemen

Mr. and Mrs. David Griffith of the Albany Road have received this new address for their son: H. N. James A. Pearson, U.S.N. Hospital Staff, U.S.N. Air Base, Jacksonville, Fla. Prior to his transfer to Florida, the serviceman was stationed at the U.S.N. Medical Center in Bethesda, Md. He entered the service in July of 1953.

The North Atlantic has had 261 hurricanes in the last 68 years says the National Geographic Society.

BRICK SUBURBAN HOME

This brick home has been all remodeled in 1954 and is in very good condition. New large septic tank, new gas furnace with two-zone heating controls, large new automatic water heater. Bath and lavatory on first floor; four bedrooms and bath on second floor.

This property will make someone a beautiful home or can be easily duplexed. Call for an appointment
